**Calico Rock Elementary
Parent Involvement Plan
2018-2019**

Philosophy: We recognize the family as the primary influence in a child's life.

We believe:

- A child's education is a responsibility shared by school staff and family during the entire time they are in school.
- Families and school staff must work together as partners.
- Families must play a positive role in providing for students.

To support the belief of the Calico Rock Elementary Public School system, the students, parents, alumni, and community must work as knowledgeable partners. The K-6 Parental Involvement Plan will include, but is not limited to, the following components in order to have a successful parental involvement program:

I. Program Components

4.1—RESIDENCE REQUIREMENTS

Definitions:

“Reside” means to be physically present and to maintain a permanent place of abode for an average of no fewer than four (4) calendar days and nights per week for a primary purpose other than school attendance.

“Resident” means a student whose parents, legal guardians, persons having legal, lawful control of the student under order of a court, or persons standing in loco parentis reside in the school district.

“Residential address” means the physical location where the student’s parents, legal guardians, persons having legal, lawful control of the student under order of a court, or persons standing in loco parentis reside. A student may use the residential address of a legal guardian, person having legal, lawful control of the student under order of a court, or person standing in loco parentis only if the student resides at the same residential address and if the guardianship or other legal authority is not granted solely for educational needs or school attendance purposes.

The schools of the District shall be open and free through the completion of the secondary program to all persons between the ages of five (5) and twenty-one (21) years whose parents, legal guardians, or other persons having lawful control of the person under an order of a court reside within the District and to all persons between those ages who have been legally transferred to the District for educational purposes.

Any person eighteen (18) years of age or older may establish a residence separate and apart from his or her parents or guardians for school attendance purposes.

In order for a person under the age of eighteen (18) years to establish a residence for the purpose of attending the District’s schools separate and apart from his or her parents, guardians, or other persons having lawful control of him or her under an order of a court, the person must actually reside in the District for a primary purpose other than that of school attendance. However, a student previously enrolled in the district who is placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty may continue to attend district schools. A foster child who was previously enrolled in a District school and who has had a change in placement to a residence outside the District, may continue to remain enrolled in his/her current school unless the presiding court rules otherwise.

Under instances prescribed in A.C.A. § 6-18-203, a child or ward of an employee of the district or of the education coop to which the district belongs may enroll in the district even though the employee and his/her child or ward reside outside the district.

Children whose parent or legal guardian relocates within the state due to a mobilization, deployment, or available military housing while on active duty in or serving in the reserve component of a branch of the United States Armed Forces or National Guard may continue attending school in the school district the children were attending prior to the relocation or attend school in the school district where the children have relocated. A child may complete all remaining school years at the enrolled school district regardless of mobilization, deployment, or military status of the parent or guardian.

4.2—ENTRANCE REQUIREMENTS

To enroll in a school in the District, the child must be a resident of the District as defined in District policy (4.1—RESIDENCE REQUIREMENTS), meet the criteria outlined in policy 4.40—HOMELESS STUDENTS or in policy 4.52—STUDENTS WHO ARE FOSTER CHILDREN, be accepted as a transfer student under the provisions of policy 4.4, or participate under a school choice option and submit the required paperwork as required by the choice option.

Students may enter kindergarten if they will attain the age of five (5) on or before August 1 of the year in which they are seeking initial enrollment. Any student who has been enrolled in a state-accredited or state-approved kindergarten program in another state for at least sixty (60) days, who will become five (5) years old during the year in which he/she is enrolled in kindergarten, and who meets the basic residency requirement for school attendance may be enrolled in kindergarten upon written request to the District.

Any child who will be six (6) years of age on or before October 1 of the school year of enrollment and who has not completed a state-accredited kindergarten program shall be evaluated by the district and may be placed in the first grade if the results of the evaluation justify placement in the first grade and the child's parent or legal guardian agrees with placement in the first grade; otherwise the child shall be placed in kindergarten.

Any child may enter first grade in a District school if the child will attain the age of six (6) years during the school year in which the child is seeking enrollment and the child has successfully completed a kindergarten program in a public school in Arkansas.

Any child who has been enrolled in the first grade in a state-accredited or state-approved elementary school in another state for a period of at least sixty (60) days, who will become age six (6) years during the school year in which he/she is enrolled in grade one (1), and who meets the basic residency requirements for school attendance may be enrolled in the first grade.

Students who move into the District from an accredited school shall be assigned to the same grade as they were attending in their previous school (mid-year transfers) or as they would have been assigned in their previous school. Private school students shall be evaluated by the District to determine their appropriate grade placement. Home school students enrolling or re-enrolling as a public school student shall be placed in accordance with policy 4.6—HOME SCHOOLING.

The district shall make no attempt to ascertain the immigration status, legal or illegal, of any student or his/her parent or legal guardian presenting for enrollment.

Prior to the child's admission to a District school

1. The parent, guardian, or other responsible person shall furnish the child's social security number, or if they request, the district will assign the child a nine (9) digit number designated by the department of education.
2. The parent, guardian, or other responsible person shall provide the district with one (1) of the following documents indicating the child's age:
 - a. A birth certificate;
 - b. A statement by the local registrar or a county recorder certifying the child's date of birth;
 - c. An attested baptismal certificate;
 - d. A passport;
 - e. An affidavit of the date and place of birth by the child's parent or guardian;
 - f. United States military identification; or
 - g. Previous school records.
3. The parent, guardian, or other responsible person shall indicate on school registration forms whether the child has been expelled from school in any other school district or is a party to an expulsion proceeding. The Board of Education reserves the right, after a hearing before the Board, not to allow any person who has been expelled from another school district to enroll as a student until the time of the person's expulsion has expired.
4. In accordance with Policy 4.57—IMMUNIZATIONS, the child shall be age appropriately immunized or have an exemption issued by the Arkansas Department of Health.

Uniformed Services Member's Children

For the purposes of this policy:

"Active duty members of the uniformed services" includes members of the National Guard and Reserve on active duty orders pursuant to 10 U.S.C. Section 1209 and 1211;

"Uniformed services"⁴ means the Army, Navy, Air Force, Marine Corps, Coast Guard as well as the Commissioned Corps of the National Oceanic and Atmospheric Administration, and Public Health Services;

"Veteran" means: a person who served in the uniformed services and who was discharged or released there from under conditions other than dishonorable.

"Eligible child" means the children of:

- Active duty members of the uniformed services;
- Members or veterans of the uniformed services who are severely injured and medically discharged or retired for a period of one (1) year after medical discharge or retirement; and
- Members of the uniformed services who die on active duty or as a result of injuries sustained on active duty for a period of one (1) year after death.

An eligible child as defined in this policy shall:

1. Be allowed to continue his/her enrollment at the grade level commensurate with his/her grade level he/she was in at the time of transition from his/her previous school, regardless of age;
2. Be eligible for enrollment in the next highest grade level, regardless of age if the student has satisfactorily completed the prerequisite grade level in his/her previous school;
3. Enter the District's school on the validated level from his/her previous accredited school when transferring into the District after the start of the school year;
4. Be enrolled in courses and programs the same as or similar to the ones the student was enrolled in his/her previous school to the extent that space is available. This does not prohibit the District from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the courses/and/or programs;
5. Be provided services comparable to those the student with disabilities received in his/her previous school based on his/her previous Individualized Education Program (IEP). This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
6. Make reasonable accommodations and modifications to address the needs of an incoming student with disabilities, subject to an existing 504 or Title II Plan, necessary to provide the student with equal access to education. This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
7. Be enrolled by an individual who has been given the special power of attorney for the student's guardianship. The individual shall have the power to take all other actions requiring parental participation and/or consent;
8. Be eligible to continue attending District schools if he/she has been placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty.

4.3 COMPULSORY ATTENDANCE REQUIREMENTS

Every parent, guardian, or other person having custody or charge of any child age five through seventeen years on or before August 1 of that year who reside, as defined by policy (4.1 RESIDENCE REQUIREMENTS), with in District shall enroll and send the child to a District school with the following exceptions.

1. The child is enrolled in private or parochial school.
2. The child is being home-schooled and the conditions of policy (4.6 HOME SCHOOLING) have been met.
3. The child will not be age six on or before August 1 of the particular school year and the parent, guardian, or other person having custody or charge of the child elects not to have him/her attend kindergarten. A kindergarten wavier form prescribed by regulation of the Department of Education must be signed and on file with the District administrative office
4. The child has received a high school diploma or its equivalent as determined by the State Board of Education.
5. The child is age sixteen or above and is enrolled in a post-secondary vocational-technical institution, a community college, or a two-year or four-year institution of higher education.
- 6) The child is age sixteen or seventeen and has met the requirements to enroll in an adult education program as defined by A.C.A § 6-18-201 (b)

4.4 STUDENT TRANSFERS

The Calico Rock District shall review and accept or reject requests for transfers, both into and out of the district, on a case by case.

The District may reject a nonresident's application for admission if its acceptance would necessitate the addition of staff or classrooms, exceed the capacity of a program, class, grade level, or school building, or cause the District to provide educational services not currently provided in the affected school. The District shall reject applications that would cause it to be out of compliance with applicable laws and regulations regarding desegregation.

Any student transferring from a school accredited by the Department of Education to a school in this district shall be placed into the same grade the student would have been in had the student remained at the former school. Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Any student transferring from a school that is not accredited by the Department of Education to a District school shall be evaluated by District staff to determine the student's appropriate grade placement. A student transferring from home school will be placed in accordance with Policy 4.6—HOME SCHOOLING.

The Board of Education reserves the right, after a hearing before the Board, not to allow any person who has been expelled from another district to enroll as a student until the time of the person's expulsion has expired.

Except as otherwise required or permitted by law, the responsibility for transportation of any nonresident student admitted to a school in this District shall be borne by the student or the student's parents. The District and the resident district may enter into a written agreement with the student or student's parents to provide transportation to or from the District, or both.

4.5—SCHOOL CHOICE

Standard School Choice

Exemption

The District is under an enforceable desegregation court order/court-approved desegregation plan that explicitly limits the transfer of students between school districts and has submitted the appropriate documentation to the Arkansas Department of Education (ADE). As a result of the desegregation order/desegregation plan, the District is exempt from the provisions of the Public School Choice Act of 2015 (Standard School Choice) and the Arkansas Opportunity Public School Choice Act of 2004 (Opportunity School Choice). The District shall notify the superintendents of each of its geographically contiguous school districts of its exemption. The exemption prohibits the District from accepting any school choice applications from students wishing to transfer into or out of the District through standard School Choice or Opportunity School Choice.

Definition

"Sibling" means each of two (2) or more children having a parent in common by blood, adoption, marriage, or foster care.

Transfers into the District

Capacity Determination and Public Pronouncement

The Board of Directors will adopt a resolution containing the capacity standards for the District. The resolution will contain the acceptance determination criteria identified by academic program, class, grade level, and individual school. The school is not obligated to add any teachers, other staff, or classrooms to accommodate choice applications. The District may only deny a Standard School Choice application if the District has a lack of capacity by the District having reached ninety percent (90%) of the maximum student population in a program, class, grade level, or school building authorized by the Standards or other State/Federal law.

The District shall advertise in appropriate broadcast media and either print media or on the Internet to inform students and parents in adjoining districts of the range of possible openings available under the School Choice program. The public pronouncements shall state the application deadline and the requirements and procedures for participation in the program. Such pronouncements shall be made in the spring, but in no case later than March 1.

Application Process

The student's parent shall submit a school choice application on a form approved by ADE to this District. The transfer application must be postmarked or hand delivered on or before May 1 of the year preceding the fall semester the applicant would begin school in the District.

The District shall date and time stamp all applications as they are received in the District's central office. It is the District's responsibility to send a copy of the application that includes the date and time stamp to the student's resident district within ten (10) days of the District receiving the application. Applications postmarked or hand delivered on or after May 2 will not be accepted. Statutorily, preference is required to be given to siblings of students who are already enrolled in the District.

Therefore, siblings whose applications fit the capacity standards approved by the Board of Directors may be approved ahead of an otherwise qualified non-sibling applicant who submitted an earlier application as identified by the application's date and time stamp.

The approval of any application for a choice transfer into the District is potentially limited by the applicant's resident district's statutory limitation of losing no more than three percent (3%) of its past year's student enrollment due to Standard School Choice. As such, any District approval of a choice application prior to July 1 is provisional pending a determination that the resident district's three percent (3%) cap has not been reached.

The Superintendent will consider all properly submitted applications for School Choice. By July 1, the Superintendent shall notify the parent and the student's resident district, in writing, of the decision to accept or reject the application.

Accepted Applications

Applications which fit within the District's stated capacity standards shall be provisionally accepted, in writing, with the notification letter stating a reasonable timeline by which the student shall enroll in the District by taking the steps detailed in the letter, including submission of all required documents. If the student fails to enroll within the stated timeline, or if all necessary steps to complete the enrollment are not taken, or examination of the documentation indicates the applicant does not meet the District's stated capacity standards, the acceptance shall be null and void.

A student, whose application has been accepted and who has enrolled in the District, is eligible to continue enrollment until completing his/her secondary education. Continued enrollment is conditioned upon the student meeting applicable statutory and District policy requirements. Any student who has been accepted under choice and who either fails to initially enroll under the timelines and provisions provided in this policy; who chooses to return to his/her resident district; or who enrolls in a home school or private school voids the transfer and must reapply if, in the future, the student seeks another school choice transfer. A subsequent transfer application will be subject to the capacity standards applicable to the year in which the application is considered by the District.

A present or future sibling of a student who continues enrollment in this District may enroll in the District by submitting a Standard School Choice application. Applications of siblings of presently enrolled choice students are subject to the provisions of this policy including the capacity standards applicable to the year in which the sibling's application is considered by the District. A sibling who enrolls in the District through Standard School Choice is eligible to remain in the District until completing his/her secondary education.

Students whose applications have been accepted and who have enrolled in the district shall not be discriminated against on the basis of gender, national origin, race, ethnicity, religion, or disability.

Rejected Applications

The District may reject an application for a transfer into the District under Standard School Choice due to a lack of capacity. However, the decision to accept or reject an application may not be based on the student's previous academic achievement, athletic or other extracurricular ability, English proficiency level, or previous disciplinary proceedings other than a current expulsion.

An application may be provisionally rejected if it is for an opening that was included in the District's capacity resolution, but was provisionally filled by an earlier applicant. If the provisionally approved applicant subsequently does not enroll in the District, the provisionally rejected applicant could be provisionally approved and would have to meet the acceptance requirements to be eligible to enroll in the District.

Rejection of applications shall be in writing and shall state the reason(s) for the rejection. A student whose application was rejected may request a hearing before the State Board of Education to reconsider the application which must be done, in writing to the State Board within ten (10) days of receiving the rejection letter from the District.

Any applications that are denied due to the student's resident district reaching the three percent (3%) limitation cap shall be given priority for a choice transfer the following year in the order that the District received the original applications.

Transfers Out of the District

All Standard School Choice applications shall be granted unless the approval would cause the District to have a net enrollment loss (students transferring out minus those transferring in) of more than three percent (3%) of the average daily membership on October 15 of the immediately preceding year. By December 15 of each year, ADE shall determine and notify the District of the net number of allowable choice transfers. Students are not counted for the purpose of determining the three percent (3%) cap if the student transfers from a school or district in:

- Academic Distress or classified as in need of Level 5 Intensive Support under A.C.A. § 6-18-227;
- Facilities Distress under A.C.A. § 6-21-812; or
- Foster Child School Choice under A.C.A. § 6-18-233.

If, prior to July 1, the District receives sufficient copies of requests from other districts for its students to transfer to other districts to trigger the three percent (3%) cap, it shall notify each district the District received Standard School Choice applications from that it has tentatively reached the limitation cap. The District will use confirmations of approved choice applications from receiving districts to make a final determination of which applications it received that exceeded the limitation cap and notify each district that was the recipient of an application to that effect.

When the last successful application requesting to transfer out of the District before the District's three percent (3%) cap was triggered belonged to an individual who was a member of a group of siblings who applied to transfer out of the District, the District shall allow all members of the individual's sibling group to transfer out of the District even though these applications are beyond the District's transfer cap.

Facilities Distress School Choice Applications

There are a few exceptions from the provisions of the rest of this policy that govern choice transfers triggered by facilities distress. Any student attending a school district that has been identified as being in facilities distress may transfer under the provisions of this policy, but with the following four (4) differences.

- The receiving district cannot be in facilities distress;
- The transfer is only available for the duration of the time the student's resident district remains in distress;
- The student is not required to meet the June 1 application deadline; and
- The student's resident district is responsible for the cost of transporting the student to this District's school.

Opportunity School Choice

Transfers Into or Within the District

For the purposes of this section of the policy, a "lack of capacity" is defined as when the receiving school has reached the maximum student-to-teacher ratio allowed under federal or state law, the ADE Rules for the Standards of Accreditation, or other applicable rules. There is a lack of capacity if, as of the date of the application for Opportunity School Choice, ninety-five percent (95%) or more of the seats at the grade level at the nonresident school are filled.

Unless there is a lack of capacity at the District's school or the transfer conflicts with the provisions of a federal desegregation order applicable to the District, a student who is enrolled in or assigned to a school classified by the ADE to be in academic distress or in a district classified by ADE as in need of Level 5 Intensive Support is eligible to transfer to the school closest to the student's legal residence that is not in academic distress or in a district classified as in need of Level 5 Intensive Support. The student's parent or guardian, or the student if over the age of eighteen (18), must successfully complete the necessary application process by July 30 preceding the initial year of desired enrollment.

Within thirty (30) days from receipt of an application from a student seeking admission under this section of the policy, the Superintendent shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, whether the Opportunity School Choice application has been accepted or rejected. The notification shall be sent via First-Class Mail to the address on the application.

If the application is accepted, the notification letter shall state the deadline by which the student must enroll in the receiving school or the transfer will be null and void.

If the District rejects the application, the District shall state in the notification letter the specific reasons for the rejection. A parent or guardian, or the student if the student is over eighteen (18) years of age, may appeal the District's decision to deny the application to the State Board of Education. The appeal must be in writing to the State Board of Education via certified mail, return receipt requested, no later than ten (10) calendar days, excluding weekends and legal holidays, after the notice of rejection was received from the District.

A student's enrollment under Opportunity School Choice is irrevocable for the duration of the school year and is renewable until the student completes high school or is beyond the legal age of enrollment. This provision for continuing eligibility under Opportunity School Choice does not negate the student's right to apply for transfer to a district other than the student's assigned school or resident district under the Standard School Choice provisions of this policy.

The District may, but is not obligated to provide transportation to and from the transferring district.

Transfers out of, or within, the District

If a District school has been classified by the ADE as being in academic distress or the District has been classified by ADE as in need of Level 5 Intensive Support, the District shall timely notify the parent, guardian, or student, if the student is over eighteen (18) years of age, as soon as practicable after the academic distress or in need of Level 5 Intensive Support designation is made of all options available under Opportunity School Choice.

The District shall offer the parent or guardian, or the student if the student is over eighteen (18) years of age, an opportunity to enroll the student in any public school or school district that has not been classified by the ADE as a public school in academic distress or school district in need of Level 5 Intensive Support.

Additionally, the District shall request public service announcements to be made over the broadcast media and in the print media at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.

Unsafe School Choice Program

Any student that becomes the victim of a violent criminal offense while in or on the grounds of a District school or who is attending a school classified by ADE as a persistently dangerous public school shall be allowed to attend a safe public school within the District.

4.6—HOME SCHOOLING

Enrollment in Home School

Parents or legal guardians desiring to provide a home school for their children shall give written notice to the Superintendent of their intent to home school. The notice shall be given:

1. At the beginning of each school year, but no later than August 15;
2. Fourteen (14) calendar days prior to withdrawing the child (provided the student is not currently under disciplinary action for violation of any written school policy, including, but not limited to, excessive absences) and at the beginning of each school year thereafter; or
3. Within thirty (30) calendar days of the parent or legal guardian establishing residency within the district during the school year.

Written notice of the parent or legal guardian's intent to home school shall be delivered to the Superintendent through any of the following methods:

- Electronically, including without limitation by email;
- By mail; or
- In person.

The notice shall include:

- a. The name, sex, date of birth, grade level, and the name and address of the school last attended, if any;
- b. The mailing address and telephone number of the home school;
- c. The name of the parent or legal guardian providing the home school;
- d. Indicate if the home-schooled student intends to participate in extracurricular activities during the school year;
- e. A statement of whether the home-schooled student plans to seek a high school equivalency diploma during the current school year;
- f. A statement if the home-school student plans to seek a driver's license during the current school year;
- g. A statement that the parent or legal guardian agrees that the parent or legal guardian is responsible for the education of their children during the time the parents or legal guardians choose to home school; and
- h. A signature of the parent or legal guardian, which must be notarized if the home-schooled student plans to seek a driver's license during the school year.

To aid the District in providing a free and appropriate public education to students in need of special education services, the parents or legal guardians home-schooling their children shall provide information that might indicate the need for special education services.

Enrollment or Re-Enrollment in Public School

A home-schooled student who wishes to enroll or re-enroll in a District school shall submit:

- A transcript listing all courses taken and semester grades from the home school;
- Score of at least the thirtieth percentile on a nationally recognized norm-referenced assessment taken in the past year; and
- A portfolio of indicators of the home-schooled student's academic progress, including without limitation:
 - Curricula used in the home school;
 - Tests taken and lessons completed by the home-schooled student; and
 - Other indicators of the home-schooled student's academic progress.

If a home-schooled student is unable to provide a nationally recognized norm-referenced score, the District may either assess the student using a nationally recognized norm-referenced assessment or waive the requirement for a nationally recognized norm-referenced assessment score.

A home-schooled student who enrolls or re-enrolls in the District will be placed at a grade level and academic course level equivalent to or higher than the home-schooled student's grade level and academic course level in the home school:

1. As indicated by the documentation submitted by the home-schooled student;
2. By mutual agreement between the public school and the home-schooled student's parent or legal guardian; or
3. If the home-schooled student fails to provide the documentation required by this policy, with the exception of the nationally recognized norm-referenced assessment score, the District may have sole authority to determine the home-schooled student's grade placement and course credits. The District will determine the home-schooled student's grade placement and course credits in the same manner the District uses when determining grade placement and course credits for students enrolling or re-enrolling in the District who attended another public or private school.

The District shall afford a home-schooled student who enrolls or re-enrolls in a public school the same rights and privileges enjoyed by the District's other students. The District shall not deny a home-schooled student who enrolls or re-enrolls in the District any of the following on the basis of the student having attended a home school:

- a. Award of course credits earned in the home school;
- b. Placement in the proper grade level and promotion to the next grade level;
- c. Participation in any academic or extracurricular activity;
- d. Membership in school-sponsored clubs, associations, or organizations;
- e. A diploma or graduation, so long as the student has enrolled or re-enrolled in the District to attend classes for at least the nine (9) months immediately prior to graduation; or
- f. Scholarships.

4.52 STUDENTS WHO ARE FOSTER CHILDREN

The District will afford the same services and educational opportunities to foster children that are afforded other children and youth. The District shall work with the Department of Human Services ("DHS"), the Arkansas Department of Education (ADE), and individuals involved with each foster child to ensure that the foster child is able to maintain his/her continuity of educational services to the fullest extent that is practical and reasonable.

The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational liaison for foster children and youth whose responsibilities shall include ensuring the timely school enrollment of each foster child and assisting foster children who transfer between schools by expediting the transfer of relevant educational records.

The District, working with other individuals and agencies shall, unless the presiding court rules otherwise or DHS grants a request to transfer under Foster Child School Choice, ensure that the foster child remains in his/her school of origin, even if a change in the foster child's placement results in a residency that is outside the district. In such a situation, the District will work with DHS to arrange for transportation to and from school for the foster child to the extent it is reasonable and practical.

Upon notification to the District's foster care liaison by a foster child's caseworker that a foster child's school enrollment is being changed to one of the District's schools, the school receiving the child must immediately enroll him/her. Immediate enrollment is required even if a child lacks the required clothing, academic or medical records, or proof of residency.

A foster child's grades shall not be lowered due to absence from school that is caused by a change in the child's school enrollment, the child's attendance at dependency-neglect court proceedings, or other court-ordered counseling or treatment.

Any course work completed by the foster child prior to a school enrollment change shall be accepted as academic credit so long as the child has satisfactorily completed the appropriate academic placement assessment.

If a foster child was enrolled in a District school immediately prior to completing his/her graduation requirements while detained in a juvenile detention facility or while committed to the Division of Youth Services of DHS, the District shall issue the child a diploma.

Foster Child School Choice

If DHS approves a request from a foster parent, or the foster child if the foster child is eighteen (18) years of age, to transfer to another school in the District or into the district as being in the best interest of the foster child, the District shall allow the foster child to transfer to another school in the District or into the District if the foster parent, or the foster child if the foster child is eighteen (18) years of age, submits a request to transfer on a form approved by ADE that is postmarked by no later than May 1 of the year the student seeks to begin the fall semester at another school in the District or in the District.

By July 1 of the school year in which the student seeks to transfer under this section, the superintendent shall notify the foster parent, or the foster child if the foster child is eighteen (18) years of age, in writing whether the application has been accepted or rejected. If the application is accepted, the superintendent shall state in the notification letter a reasonable deadline for the foster child to enroll in the new school or the District and that failure to enroll by the date shall void the school choice acceptance. If the application is rejected, the superintendent shall state in the notification letter the reason for the rejection and that the foster parent, or the foster child if the foster child is eighteen (18) years of age, may submit a written appeal of the rejection to the State board within ten (10) days of receiving the notification letter.

The District shall only reject a Foster Child School Choice application if:

The public school or District has reached the maximum student-to-teacher ratio allowed under federal law, state law, rules for standards of accreditation, or other applicable rule or regulation; or

Approving the transfer would conflict with a provision of an enforceable desegregation court order or a public school district's court-approved desegregation plan regarding the effects of past racial segregation in student assignment.

A foster child whose application is rejected by the District may submit a written request within ten (10) days following the receipt of the rejection letter from the superintendent to the State Board of Education for the State Board to reconsider the transfer.

- A Foster Child School Choice transfer shall remain in effect until the foster child:
- Graduates from high school; or
- Transfers to another school or school district under:
- The Foster Child School Choice Act;
- Opportunity Public School Choice Act of 2004;
- The Public School Choice Act of 2015; or
- Any other law that allows a transfer.

The District shall accept credits toward graduation that were awarded by another public school district.

When a foster child transfers from the foster child's school of origin to another school in the District or into the District, the foster child or the foster parent is responsible for the foster child's transportation to and from the school the foster child transferred to. The District and the foster parent, or the foster child if the foster child is eighteen (18) years of age, may enter into a written agreement for the District to provide the transportation to and from the school the foster child transferred to.

4.7 ABSENCES

If any student's Individual Education Program (IEP) or 504 Plan conflicts with this policy, the requirements of the student's IEP or 504 Plan take precedence.

Education is more than the grades students receive in their courses. Important as that is, students' regular attendance at school is essential to their social and cultural development and helps prepare them to accept responsibilities they will face as an adult. Interactions with other students and participation in the instruction within the classroom enrich the learning environment and promote a continuity of instruction which results in higher student achievement.

Excused Absences

Excused absences are those where the student was on official school business or when the absence was due to one of the following reasons and the student brings a written statement to the principal or designee upon his/her returns to school from the parent or legal guardian stating such reason. A written statement presented for an absence having occurred more than five (5) school days prior to its presentation will not be accepted.

- The student's illness or when attendance could jeopardize the health of other students. A maximum of ten (10) such days are allowed per semester unless the condition(s) causing such absences is of a chronic or recurring nature, is medically documented, and approved by the principal.
- Death or serious illness in their immediate family;
- Observance of recognized holidays observed by the student's faith;
- Attendance at an appointment with a government agency;
- Attendance at a medical appointment;
- Exceptional circumstances with prior approval of the principal; or
- Participation in an FFA, FHA, or 4-H sanctioned activity;
- Participation in the election poll workers program for high school students.
- Absences granted to allow a student to visit his/her parent or legal guardian who is a member of the military and been called to active duty, is on leave from active duty, or has returned from deployment to a combat zone or combat support posting. The number of additional excused absences shall be at the discretion of the superintendent or designee.

Absences granted, at the Superintendent's discretion, to seventeen (17) year-old students who join the Arkansas National Guard while in eleventh grade to complete basic combat training between grades eleven (11) and (12).

Students who serve as pages for a member of the General Assembly shall be considered on instructional assignment and shall not be considered absent from school for the day the student is serving as a page.

It is the Arkansas General Assembly's intention that students having excessive absences be given assistance in obtaining credit for their courses. Excessive absences may, however, be the basis for the denial of course credit, promotion, or graduation.

Unexcused Absences

Absences not defined above or not having an accompanying note from the parent or legal guardian, presented in the timeline required by this policy, shall be considered as unexcused absences. Students with 10 unexcused absences in a course in a semester shall not receive credit for that course. At the discretion of the principal after consultation with persons having knowledge of the circumstances of the unexcused absences, the student may be denied promotion or graduation. Excessive absences shall not be a reason for expulsion or dismissal of a student.

When a student has 5 unexcused absences, his/her parents, guardians, or persons in loco parentis shall be notified⁵. Notification shall be by telephone by the end of the school day in which such absence occurred or by regular mail with a return address sent no later than the following school day.

Whenever a student exceeds 10 unexcused absences in a semester, the District shall notify the prosecuting authority and the parent, guardian, or persons in loco parentis shall be subject to a civil penalty as prescribed by law.

At any time prior to when a student exceeds the number of unexcused absences permitted by this policy, the student, or his/her parent, guardian, or person in loco parentis may petition the school or district's administration for special arrangements to address the student's unexcused absences. If formal arrangements are granted, they shall be formalized into a written agreement which will include the conditions of the agreement and the consequences for failing to fulfill the agreement's requirements. The agreement shall be signed by the student, the student's parent, guardian, or person in loco parentis, and the school or district administrator or designee.

Students who attend in-school suspension shall not be counted absent for those days.

Days missed due to out-of-school suspension or expulsion shall be unexcused absences.

The District shall notify the Department of Finance and Administration whenever a student fourteen (14) years of age or older is no longer in school. The Department of Finance and Administration is required to suspend the former student's operator's license unless he/she meets certain requirements specified in the statute.

Applicants for an instruction permit or for a driver's license by persons less than eighteen (18) years old on October 1 of any year are required to provide proof of a high school diploma or enrollment and regular attendance in an adult education program or a public, private, or parochial school prior to receiving an instruction permit. To be issued a driver's license, a student enrolled in school shall present proof of a "C" average for the previous semester or similar equivalent grading period for which grades are reported as part of the student's permanent record.

ABSENCES DUE TO MILITARY SERVICE

A student shall be granted additional excused absences at the discretion of the superintendent to visit his or her parent or legal guardian if the parent or legal guardian is a member of the uniformed services and has been called to active duty, is on leave from active duty, or has returned from deployment to a combat zone or combat support posting.

ATTENDANCE SPECIAL ARRANGEMENTS

Before a student accumulates the maximum number of absences allowed in the school district's attendance policy, the student or their parent, guardian or in loco parentis may petition the school administration for special arrangements to address the student's absences. If special arrangements are granted by the school administration, the arrangements will be formalized into a written agreement including conditions of the agreement and consequences of failing to fulfill the requirements of the agreement. The agreement shall be signed by the school administration, or their designee; the student's parent, guardian or person in loco parentis; and the student.

Whenever a student exceeds the number of excessive unexcused absences provided for in the district's student attendance policy, or when a student has violated the conditions of the agreement granting special arrangements, the school district shall notify the prosecuting attorney and the student's parents, guardians, or person in loco parentis. The student's parents, guardians, or person in loco parentis shall be subject to a civil penalty through a family in need of services action in circuit court, as authorized under subdivision (a) (6) (A) of this section, but not to exceed five hundred dollars (\$500) plus court costs.

CREDIT FOR JUNIOR ROTC

A student who completes two (2) semesters of a Junior Reserve Officer Training Corps program shall receive credit for both of the following requirements for graduation from high school under the rules of the State Board of Education:

- (1) One-half (1/2) unit of physical education; and
- (2) One-half (1/2) unit of health and safety education

MAKE-UP WORK

Students who miss school due to an absence shall be allowed to make up the work they missed during their absence under the following rules:

Teachers are responsible for providing the missed assignments no later than when the student returns. *Make up tests are to be rescheduled at the discretion of the teacher, but must be aligned with the schedule of the missed work to be made up.

- Students shall have one class day to make up their work for each class day they are absent.
- Make up work which is not turned in within the make -up schedule for that assignment shall receive a zero. Parents will be notified before the zero is given.
- Students are responsible for turning in their make -up work.
- Students who are absent on the day their make- up work is due must turn in their work the day they return to school whether or not the class for which the work is due meets the day of their return. All missed work will be made up.
- As required/permitted by the student's Individual Education Program or 504 Plan.

FAMILY TRIPS AND VACATIONS

School attendance is very important to a student's academic success and the practice of taking family trips and vacations are discouraged during school time. We do understand in this day in time sometimes this is unavoidable. Family trips and vacations count as absences and should not put a student over the maximum ten unexcused days per semester.

Makeup work will only be accepted if the following procedure has been followed:

1. The trip must be approved by the building principal at least 5 days prior to the trip (the more notice the better). Get an approval slip from the principal to take to the child's teacher.
2. The trip approval slip must be presented to the student's teacher at least three days before the trip, so the teacher will have time to prepare the student's makeup work.
3. All makeup work is due on the day the student returns to school. A student will be given one day for each day absent to make up school work. If prior arrangement is made, no makeup should be due.

TARDIES

Promptness is an important character trait that District staff is encouraged to model and help develop in our school's students. At the same time, promptness is the responsibility of each student. Students who are late to class show a disregard for both the teacher and their classmates which compromises potential student achievement.

Three tardies to school will be the equivalent of one unexcused absence unless the tardiness is excused under the excused absences policy.

Elementary students will be counted tardy at 8:00 a.m.

THE SCHOOL DAY

School opens at 7:30 a.m. Students are not to arrive at school before 7:30 a.m. as there will not be a teacher on duty.

Please be sure that students do not arrive before a staff member will be on duty to supervise the students.

The school will not be liable for students dropped off before 7:30 a.m. The first bell will ring at 7:55 and classes will start at 8:00. Students coming in after 8:00 will be counted tardy.

School will be dismissed at 3:05 for students in kindergarten through third grade. Students in grades fourth through sixth grade will be dismissed at 3:10. If it is necessary for a student to leave school before school is out, a parent must sign the student out in the principal's office. If the parent is not picking the child up, a note must be sent to school giving permission for the child to leave with another adult. Three early pick-ups will equal one day absent.

CLOSED CAMPUS

All schools in the District shall operate closed campuses. Students are required to stay on campus from their arrival until dismissal at the end of the regular school day. Students may be given permission to leave the campus by a school official and must sign out in the office upon their departure.

4.11—EQUAL EDUCATIONAL OPPORTUNITY

No student in the Calico Rock School District shall, on the grounds of race, color, religion, national origin, sex, sexual orientation, gender identity, age, or disability be excluded from participation in, or denied the benefits of, or subjected to discrimination under any educational program or activity sponsored by the District. The District has a limited open forum granting equal access to the Boy Scouts of America and other youth groups.

Inquiries on non-discrimination may be directed to the Principal, who may be reached at 870-297-8533.

For further information on notice of non-discrimination or to file a complaint, visit <http://wdcrobcolp01.ed.gov/CFAPPS/OCR/contactus.cfm>; for the address and phone number of the office that serves your area, or call 1-800-421-3481.

4.13 PRIVACY OF STUDENTS' RECORDS/ DIRECTORY INFORMATION

Except when a court order regarding a student has been presented to the district to the contrary, all students' education records are available for inspection and copying by the parent of his/her student who is under the age of eighteen (18). At the age of eighteen (18), the right to inspect and copy a student's records transfers to the student. A student's parent or the student, if over the age of 18, requesting to review the student's education records will be allowed to do so within no more than forty-five (45) days of the request. The district forwards education records, including disciplinary records, to schools that have requested them and in which the student seeks or intends to enroll, or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer.

The district shall receive written permission before releasing education records to any agency or individual not authorized by law to receive and/or view the education records without prior parental permission. The District shall maintain a record of requests by such agencies or individuals for access to, and each disclosure of, personally identifiable information (PII) from the education records of each student. Disclosure of education records is authorized by law to school officials with legitimate educational interests. A personal record kept by a school staff member is **not** considered an education record if it meets the following tests.

- it is in the sole possession of the individual who made it;
- it is used only as a personal memory aid; and
- information contained in it has never been revealed or made available to any other person, except the maker's temporary substitute.

For the purposes of this policy a school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

For the purposes of this policy a school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility, contracted duty, or duty of elected office.

In addition to releasing PII to school officials without permission, the District may disclose PII from the education records of students in foster care placement to the student's caseworker or to the caseworker's representative without getting prior consent of the parent (or the student if the student is over eighteen (18)). For the District to release the student's PII without getting permission:

- The student must be in foster care;
- The individual to whom the PII will be released must have legal access to the student's case plan; and
- The Arkansas Department of Human Services, or a sub-agency of the Department, must be legally responsible for the care and protection of the student.

The District discloses PII from an education record to appropriate parties, including parents, in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. The superintendent or designee shall determine who will have access to and the responsibility for disclosing information in emergency situations.

When deciding whether to release PII in a health or safety emergency, the District may take into account the totality of the circumstances pertaining to a threat to the health or safety of a student or other individuals. If the District determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals.

For purposes of this policy, the Calico Rock School District does not distinguish between a custodial and noncustodial parent, or a non-parent such as a person acting in loco parentis or a foster parent with respect to gaining access to a student's records. Unless a court order restricting such access has been presented to the district to the contrary, the fact of a person's status as parent or guardian, alone, enables that parent or guardian to review and copy his child's records.

If there exists a court order which directs that a parent not have access to a student or his/her records, the parent, guardian, person acting in loco parentis, or an agent of the Department of Human Services must present a file-marked copy of such order to the building principal and the superintendent. The school will make good-faith efforts to act in accordance with such court order, but the failure to do so does not impose legal liability upon the school. The actual responsibility for enforcement of such court orders rests with the parents or guardians, their attorneys and the court which issued the order.

A parent or guardian does not have the right to remove any material from a student's records, but such parent or guardian may challenge the accuracy of a record. The right to challenge the accuracy of a record does not include the right to dispute a grade, disciplinary rulings, disability placements, or other such determinations, which must be done only through the appropriate teacher and/or administrator, the decision of whom is final. A challenge to the accuracy of material contained in a student's file must be initiated with the building principal, with an appeal available to the Superintendent or his/her designee. The challenge shall clearly identify the part of the student's record the parent wants changed and specify why he/she believes it is inaccurate or misleading. If the school determines not to amend the record as requested, the school will notify the requesting parent or student of the decision and inform them of their right to a hearing regarding the request for amending the record. The parent or eligible student will be provided information regarding the hearing procedure when notified of the right to a hearing.

Unless the parent or guardian of a student (or student, if above the age of eighteen [18]) objects, "directory information" about a student may be made available to the public, military recruiters, post-secondary educational institutions, prospective employers of those students, as well as school publications such as annual yearbooks and graduation announcements. "Directory information" includes, but is not limited to, a student's name, address, telephone number, electronic mail address, photograph, date and place of birth, dates of attendance, his/her placement on the honor roll (or the receipt of other types of honors), as well as his/her participation in school clubs and extracurricular activities, among others, if the student participates in inherently public activities (for example, basketball, football, or other interscholastic activities), the publication of such information will be beyond the control of the District. "Directory information" also includes a student identification (ID) number, user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems and a student ID number or other unique personal identifier that is displayed on a student's ID badge, provided the ID cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password or other factor known or possessed only by the authorized user.

A student's name and photograph will only be displayed on the district or school's web page(s) after receiving the written permission from the student's parent or student if over the age of 18.

The form for objecting to making directory information available is located in the back of the student handbook and must be completed and signed by the parent or age-eligible student and filed with the building principal's office no later than ten (10) school days after the beginning of each school year or the date the student is enrolled for school. Failure to file an objection by that time is considered a specific grant of permission. The district is required to continue to honor any signed-opt out form for any student no longer in attendance at the district.

The right to opt out of the disclosure of directory information under Family Educational Rights and Privacy Act (FERPA) does not prevent the District from disclosing or requiring a student to disclose the student's name, identifier, or institutional email address in a class in which the student is enrolled.

Parents and students over the age of 18 who believe the district has failed to comply with the requirements for the lawful release of student records may file a complaint with the U.S. Department of Education (DOE) at

Student Publications

All publications that are supported financially by the school or by use of school facilities, or are produced in conjunction with a class shall be considered school-sponsored publications. School publications do not provide a forum for public expression. Such publications, as well as the content of student expression in school-sponsored activities, shall be subject to the editorial control of the District's administration whose actions shall be reasonably related to legitimate pedagogical concerns and adhere to the following limitations.

A student or group of students who distribute ten (10) or fewer copies of the same non-school literature, publications, or materials (hereinafter "non-school materials"), shall do so in a time, place, and manner that does not cause a substantial disruption of the orderly education environment. A student or group of students wishing to distribute more than ten (10) copies of non-school materials shall have school authorities review their non-school materials at least three (3) school days in advance of their desired time of dissemination. School authorities shall review the non-school materials, prior to their distribution and will bar from distribution those non-school materials that are obscene, libelous, pervasively indecent, or advertise unlawful products or services. Material may also be barred from distribution if there is evidence that reasonably supports a forecast that a substantial disruption of the orderly operation of the school or educational environment will likely result from the distribution. Concerns related to any denial of distribution by the principal shall be heard by the superintendent, whose decision shall be final.

The school principal or designee shall establish reasonable regulations governing the time, place, and manner of student distribution of non-school materials.

The regulations shall:

- Be narrowly drawn to promote orderly administration of school activities by preventing disruption and may not be designed to stifle expression;
- Be uniformly applied to all forms of non-school materials;
- Allow no interference with classes or school activities;
- Specify times, places, and manner where distribution may and may not occur; and
- Not inhibit a person's right to accept or reject any literature distributed in accordance with the regulations.

Students shall be responsible for the removal of excess literature that is left at the distribution point for more than 5 days. The Superintendent, along with the student publications advisers, shall develop administrative regulations for the implementation of this policy. The regulations shall include definitions of terms and time-lines for the review of materials.

4.12 STUDENT ORGANIZATIONS/EQUAL ACCESS

Non-curriculum-related secondary school student organizations wishing to conduct meetings on school premises during non-instructional time shall not be denied equal access on the basis of the religious, political, philosophical, or other content of the speech at such meetings. Such meetings must meet the following criteria.

1. The meeting is to be voluntary and student initiated;
2. There is no sponsorship of the meeting by the school, the government, or its agents or employees;
3. The meeting must occur during non-instructional time;
4. Employees or agents of the school are present at religious meetings only in a non-participatory capacity;
5. The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school; and
6. Non-school persons may not direct, conduct, control, or regularly attend activities of student groups.

All meetings held on school premises must be scheduled and approved by the principal. The school, its agents, and employees retain the authority to maintain order and discipline, to protect the well-being of students and faculty, and to assure that attendance of students at meetings is voluntary.

Fraternities, sororities, and secret societies are forbidden in the District's schools. Membership to student organizations shall not be by a vote of the organization's members, nor be restricted by the student's race, religion, sex, national origin, or other arbitrary criteria. Hazing, as defined by law, is forbidden in connection with initiation into, or affiliation with, any student organization, extracurricular activity or sport program. Students who are convicted of participation in hazing or the failure to report hazing shall be expelled.

HAZING

Hazing, as defined by law, is forbidden in connection with initiation into, or affiliation with, any student organization. Every student shall have equal access to student organizations and activities in accordance with grade level appropriateness.

CONTACT WITH STUDENTS WHILE AT SCHOOL

CONTACT BY PARENTS

Parents wishing to speak to their children during the school day shall register first with the office.

CONTACT BY NON-CUSTODIAL PARENTS

If there is any question concerning the legal custody of the student, the custodial parent shall present documentation to the principal or the principal's designee establishing the parent's custody of the student. It shall be the responsibility of the custodial parent to make any court ordered "no contact" or other restrictions regarding the non-custodial parent known to the principal by presenting a copy of a file-marked court order. Without such a court order on file, the school will release the child to either of his/her parents. Non-custodial parents who file with the principal a date-stamped copy of current court orders granting visitation may eat lunch, volunteer in their child's classroom, or otherwise have contact with their child during school hours and the prior approval of the school's principal. Such contact is subject to the limitations outlined in Policy 4.16, Policy 6.5, and any other policies that may apply.

Arkansas law provides that, in order to avoid continuing child custody controversies from involving school personnel and to avoid disruptions to the educational atmosphere in the District's schools, the transfer of a child between his/her custodial parent and non-custodial parent, when both parents are present, shall not take place on the school's property on normal school days during normal hours of school operation. The custodial or non-custodial parent may send to/drop off the student at school to be sent to/picked up by the other parent on predetermined days in accordance with any court order provided by the custodial parent or by a signed agreement between both the custodial and non-custodial parents that was witnessed by the student's building principal. Unless a valid no-contact order has been filed with the student's principal or the principal's designee, district employees shall not become involved in disputes concerning whether or not that parent was supposed to pick up the student on any given day.

CONTACT BY LAW ENFORCEMENT, SOCIAL SERVICES, OR BY COURT ORDER

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Department of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72-hour hold" without first obtaining a court order. Except as provided below, other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis identified on student enrollment forms. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, custodian, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Department of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

Contact by Professional Licensure Standards Board Investigators

Investigators for the Professional Licensure Standards Board may meet with students during the school day to carry out the investigation of an ethics complaint.

CONDUCT TO AND FROM SCHOOL

Students are subject to the same rules of conduct while traveling to and from school as they are while on school grounds. Appropriate disciplinary actions may be taken against commuting students who violate student code of conduct rules.

The preceding paragraph also applies to student conduct while on school buses. Students shall be instructed in safe riding practices. The driver of a school bus shall not operate the school bus until every passenger is seated. Disciplinary measures for problems related to bus behavior shall include suspension or expulsion from school, or suspending or terminating the student’s bus transportation privileges. Transporting students to and from school who have lost their bus transportation privileges shall become the responsibility of the student’s parent or legal guardian Please see the Bus Rules Contract that will be sent home with this handbook. Read through this with your child. Sign and return this form with your child to school.

BUS RULES AND SAFETY

Students must ride their assigned bus. Those needing to ride another bus or get off the bus at a point other than normal for any reason; must bring a note with parent permission to their building principal. The office will then issue a “permit to ride bus” form which the student will present to the driver of the bus they are to ride that day. Each student will board and leave the bus only at regular stops. All students will be given a bus form upon enrolling, stating the rules they must follow when they ride the bus. This form will be signed by both students and parent and returned to the principal’s office.

All students in our school system who ride a bus are subject to regulation until they get off at school or the bus stop near their home. Any misbehavior which distracts the driver is a very serious hazard to the safe operations of the bus and jeopardizes the safety of all passengers. While riding the bus, students are under the supervision of the driver and must obey the driver at all times. Federal regulations require that each child is to have an assigned seat and that all students must remain seated while the bus is in motion.

- Students will be disciplined for the following misbehavior on the bus:
- Failure to remain seated
- Smoking
- Refusing to obey the driver
- Throwing objects out of bus
- Spitting
- Lighting matches
- Throwing objects on the bus
- Profanity
- Eating/drinking on the bus
- Using any tobacco product
- Vandalism
- Bothering others
- Fighting
- Any other subversive action which might result in an unsafe environment not specifically listed above.

Students are not allowed to bring glass jars or soft drink bottles on the bus. Students are not allowed to bring wild animals on the bus. If your child is reported for any of the above activities, he/she will be subject to disciplinary action. Bus misbehavior is treated as a serious offense because it affects the safety of all children.

It is the sincere desire of the school system and each bus driver that bus trips are as safe as possible. Therefore, we ask each parent to review safety rules with their child frequently. In Arkansas school bus service is a permissible service that the school may provide to its students, and not a mandatory service.

Punishment from the principal could include but is not limited to the following:

Extended loss of recess

Loss of privileges

In-school suspension, out of school suspension

Corporal Punishment

Expulsion from riding the bus

SCHOOL BUS SAFETY TIPS FOR PARENTS

Getting Ready for School

- Have your children put everything they carry in a back pack or school bag so that they won't drop things along the way.
- Have them wear bright, contrasting colors so they will be more easily seen by drivers.
- Make sure they leave home on time so they can walk to the bus stop and arrive before the bus is due. Running can be dangerous.

Walking to the Bus Stop

- Walk your young child to the bus stop and have older children walk in groups. There is safety in numbers; groups are easier for drivers to see.
- Practice good pedestrian behavior: walk on the sidewalk; if there is no sidewalk, stay out of the street.
- If you must walk in the street, walk single file, face traffic and stay as close to the edge of the road as you can.
- Stop and look left, right and then left again if you must cross the street. Do the same thing at drive-ways and alleys.
- Exaggerate your head turns and narrate your actions so your child knows you are looking left, right and left.

Waiting at the Bus Stop

- Don't let your child play running games or push and shove at the bus stop. It is dangerous near traffic.
- Make sure your child stands at least 10 feet (5 giant steps) from the road while waiting for the bus. The child will then be out of the way of traffic. Have younger children practice taking 5 giant steps to become familiar with 10 feet.

Getting On and Off the Bus

- Warn children that if they drop something, they should never pick it up. Instead, they should tell the driver and follow the driver's instructions. If they bend over to pick up a dropped object, they might not be seen by the driver and could be hurt if the driver pulls away from the stop.
- Remind children to look to the right before they step off the bus. Drivers in a hurry sometimes try to sneak by busses on the right.
- Teach your children to secure loose drawstrings and other objects that may get caught in the handrail or door of the bus as they are exiting.
- Give your child a note or follow your school's procedures if you would like for the child to get off at a stop other than the one assigned.
- If you meet your child at the bus stop after school, wait on the side where the child will be dropped off, not across the street. Children can be so excited at seeing you after school that they dash across the street and forget the safety rules.
- **Riding the Bus**
- Children should talk quietly, be courteous to the driver and follow the driver's instructions.
- Children should stay seated during the entire bus ride and keep the aisles clear.

4.27—STUDENT SEXUAL HARASSMENT

The Calico Rock School District is committed to providing an academic environment that treats all students with respect and dignity. Student achievement is best attained in an atmosphere of equal educational opportunity that is free of discrimination. Sexual harassment is a form of discrimination that undermines the integrity of the educational environment and will not be tolerated.

The District believes the best policy to create an educational environment free from sexual harassment is prevention; therefore, the District shall provide informational materials and training to students, parents/legal guardians/other responsible adults, and employees on sexual harassment. The informational materials and training on sexual harassment shall be age appropriate and, when necessary, provided in a language other than English or in an accessible format.

The informational materials and training shall include, but are not limited to: the nature of sexual harassment; the District's written grievance procedures for complaints of sexual harassment; that the district does not tolerate sexual harassment; that students can report inappropriate behavior of a sexual nature without fear of adverse consequences; the redress that is available to the victim of sexual harassment;² and the potential discipline for perpetrating sexual harassment.

"Sexual harassment" means conduct that is:

1. Of a sexual nature, including, but not limited to:
 - a. Sexual advances;
 - b. Requests for sexual favors;
 - c. Sexual violence; or
 - d. Other personally offensive verbal, visual, or physical conduct of a sexual nature;
2. Unwelcome; and
3. denies or limits a student's ability to participate in or benefit from any of the District's educational programs or activities through any or all of the following methods:
 - a. Submission to the conduct is made, either explicitly or implicitly, a term or condition of an individual's education;
 - b. Submission to, or rejection of, such conduct by an individual is used as the basis for academic decisions affecting that individual; and/or
 - c. Such conduct has the purpose or effect of substantially interfering with an individual's academic performance or creates an intimidating, hostile, or offensive academic environment.

The terms "intimidating," "hostile," and "offensive" include conduct of a sexual nature that has the effect of humiliation or embarrassment and is sufficiently severe, persistent, or pervasive that it limits the student's ability to participate in, or benefit from, an educational program or activity.

Within the educational environment, sexual harassment is prohibited between any of the following: students; employees and students; and non-employees and students.

Actionable sexual harassment is generally established when an individual is exposed to a pattern of objectionable behaviors or when a single, serious act is committed. What is, or is not, sexual harassment will depend upon all of the surrounding circumstances and may occur regardless of the sex (es) of the individuals involved. Depending upon such circumstances, examples of sexual harassment include, but are not limited to:

- Making sexual propositions or pressuring for sexual activities;
- Unwelcome touching;
- Writing graffiti of a sexual nature;
- Displaying or distributing sexually explicit drawings, pictures, or written materials;
- Performing sexual gestures or touching oneself sexually in front of others;
- Telling sexual or crude jokes;

- Discussions of sexual experiences;

- Teasing or name-calling related to sexual characteristics or the belief or perception that an individual is not conforming to expected gender roles or conduct or is homosexual, regardless of whether or not the student self-identifies as homosexual or transgender.

Students who believe they have been subjected to sexual harassment, or the parent/legal guardian/other responsible adult of a student who believes their student has been subjected to sexual harassment, are encouraged to file a complaint by contacting a counselor,

teacher, Title IX coordinator, or administrator who will provide assistance on the complaint process. Under no circumstances shall a student be required to first report allegations of sexual harassment to a school contact person if that person is the individual who is accused of the harassment.

Complaints will be treated in a confidential manner to the extent possible. Limited disclosure may be provided to: individuals who are responsible for handling the District's investigation to the extent necessary to complete a thorough investigation; the extent necessary to submit a report to the child maltreatment hotline; the Professional Licensure Standards Board for complaints alleging sexual harassment by an employee towards a student; or the extent necessary to provide the individual accused in the complaint due process during the investigation and disciplinary processes. Individuals who file a complaint have the right to request that the individual accused of sexual harassment not be informed of the name of the accuser; however, individuals should be aware that making such a request may substantially limit the District's ability to investigate the complaint and may make it impossible for the District to discipline the accused.

Students, or the parents/legal guardians/ other responsible adult of a student, who file a complaint of sexual harassment shall not be subjected to retaliation or reprisal in any form, including threats, intimidation, coercion, or discrimination. The District shall take steps to prevent retaliation and shall take immediate action if any form of retaliation occurs regardless of whether the retaliatory acts are by District officials, students, or third parties.

Following the completion of an investigation of a complaint, the District will inform the parents/legal guardian/other responsible adult of the student, or the student if over the age of eighteen (18), who filed the complaint:

- The final determination of the investigation;
- Remedies the District will make available to the student; and
- The sanctions, if any, imposed on the alleged harasser relevant to the student.

Following the completion of an investigation of a complaint, the District will inform the parents/legal guardian/other responsible adult of the student, or the student if over the age of eighteen (18), who was accused of sexual harassment in the complaint:

- The final determination of the investigation; and
- The sanctions, if any, the District intends to impose on the student.

It shall be a violation of this policy for any student to be subjected to, or to subject another person to, sexual harassment. Following an investigation, any student who is found by the evidence to more likely than not have engaged in sexual harassment will be subject to disciplinary action up to, and including, expulsion.

Students who knowingly fabricate allegations of sexual harassment shall be subject to disciplinary action up to and including expulsion.

Individuals who withhold information, purposely provide inaccurate facts, or otherwise hinder an investigation of sexual harassment shall be subject to disciplinary action up to and including expulsion.

4.43—BULLYING

Respect for the dignity of others is a cornerstone of civil society. Bullying creates an atmosphere of fear and intimidation, robs a person of his/her dignity, detracts from the safe environment necessary to promote student learning, and will not be tolerated by the Board of Directors. Students who bully another person shall be held accountable for their actions whether they occur on school equipment or property; off school property at a school sponsored or approved function, activity, or event; going to or from school or a school activity in a school vehicle or school bus; or at designated school bus stops.

A school principal or his or her designee who receives a credible report or complaint of bullying shall promptly investigate the complaint or report and make a record of the investigation and any action taken as a result of the investigation.

For willful acts of vandalism, a student and his parents may be brought to court to pay double the amount of the damage and the student may be further prosecuted by the law for criminal behavior. The stealing of school property could result in expulsion if the student is proven guilty.

Students guilty of such an offense may be subject to legal proceedings in addition to student disciplinary measures.

The weapon shall be confiscated and held in the office until such time as the student's parent/legal guardian shall pick up the weapon from the school's office. Repeated offenses are unacceptable and shall be grounds for disciplinary action against the student as otherwise provided for in this policy.

Except as permitted in this policy, students found to be in possession on the school campus of a firearm shall be recommended for expulsion for a period of not less than one year. The superintendent shall have the discretion to modify such expulsion recommendation for a student on a case-by-case basis. Parents or legal guardians of students expelled under this policy shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a firearm on school property. The parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

Specifically, the prohibition includes any product that is manufactured, distributed, marketed, or sold as e-cigarettes, e-cigars, e-pips, or under any other name or descriptor.

DRUGS AND ALCOHOL

An orderly and safe school environment that is conducive to promoting student achievement requires a student population free from the deleterious effect of alcohol and drugs. Gangs and their activities create such an atmosphere and shall not be allowed on school grounds or at school functions.

SELECTION OF INSTRUCTIONAL AND LIBRARY/MEDIA CENTER MATERIALS

The ultimate authority for the selection and retention of materials for the schools’ media centers rests with the Board of Education which shall serve as a final arbiter in resolving a challenge to any media center materials. Licensed media center personnel shall make the initial selections in consultation with school and district licensed staff. Materials selected shall be in accordance with the guidelines of this policy.

The purpose of the schools' libraries/media centers is to supplement and enrich the curriculum and instruction offered by the District. Promoting the dialogue characteristic of a healthy democracy necessitates the maintenance of a broad range of materials and information representing varied points of view on current and historical issues. In the selection of the materials and resources to be available in each library/media center consideration will be given to their age appropriateness. Materials should be available to challenge the different interests, learning styles, and reading levels of the school's students and that will help them attain the District's educational goals.

Selection Criteria

- The criteria used in the selection of media center materials shall be that the materials:
- Support and enhance the curricular and educational goals of the district;
- Are appropriate for the ages, learning styles, interests, and maturity of the schools' students, or parents in the case of parenting literature;
- Contribute to the examination of issues from varying points of view and help to broaden students understanding of their rights and responsibilities in our society;
- Help develop critical thinking skills;
- Are factually and/or historically accurate, in the case of non-fiction works and/or serve a pedagogical purpose;
- Have literary merit as perceived by the educational community; and
- Are technically well produced, physically sound (to the extent appropriate), and represent a reasonably sound economic value.

Retention and Continuous Evaluation

Media center materials shall be reviewed regularly to ensure the continued appropriateness of the center's collection to the school's curriculum and to maintain the collection in good repair. Those materials no longer meeting the selection criteria, have not been used for a long period of time, or are too worn to be economically repaired shall be withdrawn from the collection and disposed of. A record of withdrawn media materials including the manner of their disposal shall be maintained for a period of three years.

Gifts

Gifts to the media centers shall be evaluated to determine their appropriateness before they are placed in any media center. The evaluation shall use the same criteria as for all other materials considered for inclusion in the media centers. Any items determined to be unacceptable shall be returned to the donor or disposed of at the discretion of the media specialist. The media centers shall have a list of desired items to give to prospective donors to aid them in their selection of materials to donate.

Challenges:

The parent of a student affected by a media selection, or a District employee may formally challenge the appropriateness of a media center selection by following the procedure outlined in this policy. The challenged material shall remain available throughout the challenge process.

Before any formal challenge can be filed, the individual contesting (hereinafter complainant) the appropriateness of the specified item shall request a conference through the principal's office with a licensed media center employee. The complainant shall be given a copy of this policy and the *Request for Formal Reconsideration Form* prior to the conference. The meeting shall take place at the earliest possible time of mutual convenience, but in no case later than five

(5) working days from the date of the request unless it is by the choice of the complainant.

In the meeting, the media specialist shall explain the selection criteria and how the challenged material fits the criteria. The complainant shall explain his/her reasons for objecting to the selected material. If, at the completion of the meeting, the complainant wishes to make a formal challenge to the selected material, he/she may do so by completing the *Request for Formal Reconsideration Form* and submitting it to the principal's office.

To review the contested media, the principal shall select a committee of five (5) or seven (7) licensed personnel consisting of the principal as chair and at least one media specialist. The remaining committee members shall be personnel with curriculum knowledge appropriate for the material being contested and representative of diverse viewpoints. The task of the committee shall be to determine if the challenged material meets the criteria of selection. No material shall be withdrawn solely for the viewpoints expressed within it and shall be reviewed in its entirety and not selected portions taken out of context.

The principal shall convene a meeting after a reasonable time for the committee members to adequately review the contested material and the *Request for Formal Reconsideration Form* submitted by the complainant. The complainant shall be allowed to present the complaint to the committee after which time the committee shall meet privately to discuss the material. The committee shall vote by secret ballot to determine whether the contested material shall be removed from the media center's collection. A member from the voting majority shall write a summary of the reasons for their decision. A notice of the committee's decision and the summary shall be given (by hand or certified mail) to the complainant.

If the decision is to not remove the material, the complainant may appeal the committee's decision to the district Board of Directors by filing a written appeal to the Superintendent within 5 working days of the committee's decision or of written receipt of the decision. The Superintendent shall present the original complaint and the committee's decision along with the summary of its reasons for its position plus a recommendation of the administration, if so desired, to the Board within 15 days of the committee's decision. The Board shall review the material submitted to them by the Superintendent and make a decision within thirty (30) days of receipt of the information. The Board's decision is final.

SCHOOL FUND RAISERS

From time to time the school will have fund raising activities for special projects or events. Participation in fund-raising programs is voluntary. Students who do not participate will not forfeit any school privileges. A parent or an adult must accompany an elementary student who sells fund-raising merchandise door to door.

DISCIPLINARY PROCEDURES

4.17—STUDENT DISCIPLINE

The Calico Rock Board of Education has a responsibility to protect the health, safety, and welfare of the District's students and employees. To help maintain a safe environment conducive to high student achievement, the Board establishes policies necessary to regulate student behavior to promote an orderly school environment that is respectful of the rights of others and ensures the uniform enforcement of student discipline. Students are responsible for their conduct that occurs: at any time on the school grounds; off school grounds at a school sponsored function, activity, or event; going to and from school or a school activity.

The District's administrators may also take disciplinary action with a minimum action of a verbal warning to a maximum action of expulsion against a student for off-campus conduct occurring at any time that would have a detrimental impact on school discipline, the educational environment, or the welfare of the students and/or staff. A student who has committed a criminal act while off campus and whose presence on campus could cause a substantial disruption to school or endanger the welfare of other students or staff is subject to disciplinary action up to and including expulsion. Such acts could include, but are not limited to, a felony or an act that would be considered a felony if committed by an adult, an assault or battery, drug law violations, or sexual misconduct of a serious nature. Any disciplinary action pursued by the District shall be in accordance with the student's appropriate due process rights.

The District's licensed personnel policy committee shall review the student discipline policies annually and may recommend changes in the policies to the Calico Rock School Board. The Board has the responsibility of determining whether to approve any recommended changes to student discipline policies.

The District's student discipline policies shall be distributed to each student during the first week of school each year and to new students upon their enrollment. Each student's parent or legal guardian shall sign and return to the school an acknowledgement form documenting that they have received the policies.

It is required by law that the principal or the person in charge report to the police any incidents the person has personal knowledge of or has received information leading to a reasonable belief that a person has committed or threatened to commit an act of violence or any crime involving a deadly weapon on school property or while under school supervision. If the person making the report is not the Superintendent, that person shall also inform the Superintendent of the incident. Additionally, the principal shall inform any school employee or other person who initially reported the incident that a report has been made to the appropriate law enforcement agency. The Superintendent or designee shall inform the Board of Directors of any such report made to law enforcement.

K-6 DISCIPLINE PLAN

Teachers in each grade level will publish to the parents their expected classroom behavior. Students that fail to follow the classroom rules may be sent to the principal's office. Punishment from the principal could include but is not limited to the following:

- Extended loss of recess
- Loss of privileges
- In-school suspension, out of school suspension
- Corporal punishment

Discipline may range from a verbal warning to a maximum consequence of expulsion. Excessive abuse of rules will result in a conference with parent, teacher, student, principal, and other educators involved.

RECESS & PLAYGROUND RULES

A safe and orderly play area is an important part of an elementary school. Students must be encouraged to follow rules of health and safety practices.

- Every student will go out unless he/she has a note from his/her parent or doctor. No student will be allowed to stay in from recess more than three days without a note from a doctor.
- Students must receive permission to re-enter the building during recess.
- When the playground supervisor blows the whistle to come in, all games will stop and students will line up in an orderly fashion.
- Good sportsmanship will govern all games. Any conflict or disagreement will be handled by the supervising teacher.
- Activities considered improper or unsafe will merit disciplinary action.
- Students displaying unsportsmanlike conduct will be disciplined.
- Contact sports such as tackle football are prohibited.
- Rainy day recess will be limited to classroom games. No running or throwing permitted.
- Students will not be allowed to have early morning recess outside if the temperature is below 42° or the wind chill factor is below 42°. For other recesses the children will not play outside if the temperature or wind chill factor is below 32°. The temperature and wind chill numbers used are taken from the weather station in the K-4 wing of the elementary school

CORPORAL PUNISHMENT

Reasonable discipline as determined by the Calico Rock School District will include the administration of corporal punishment to a student in the exercise of sound discretion by a certified employee of the district, provided that corporal punishment is not excessive or unduly severe.

Corporal punishment is to be administered by the district only under the following procedures:

- Must have exhausted all other alternatives including, but not limited to, counseling, calling parents, unless circumstances include severe or habitual misbehavior including, but not limited to, committing or threatening to commit bodily harm upon any person, destroying another person's property, disrupting the learning environment, or failing to obey an adult staff member.
- Must be administered in the presence of a certified school administrator or his or her designee.
- Must not be administered in the presence of other students.
- Must inform student of the rule and infraction for which corporal punishment is being administered. This must be done in the presence of the witness, and should the student claim innocence he must be given the opportunity to state his/her position.

4.30—SUSPENSION FROM SCHOOL

Students who are not present at school cannot benefit from the educational opportunities the school environment affords. Administrators, therefore, shall strive to find ways to keep students in school as participants in the educational process. There are instances, however, when the needs of the other students or the interests of the orderly learning environment require the removal of a student from school. The Board authorizes school principals or their designees to suspend students for disciplinary reasons for a period of time not to exceed ten (10) school days,¹ including the day upon which the suspension is imposed. The suspension may be in school or out of school. Students are responsible for their conduct that occurs:

- At any time on the school grounds;
- Off school grounds at a school-sponsored function, activity, or event; and
- Going to and from school or a school activity.

A student may be suspended for behavior including, but not limited to, that:

- Is in violation of school policies, rules, or regulations;
- Substantially interferes with the safe and orderly educational environment;
- School administrators believe will result in the substantial interference with the safe and orderly educational environment; and/or
- Is insubordinate, incorrigible, violent, or involves moral turpitude.
- Out-of-school suspension (OSS) shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student's behavior:
- Poses a physical risk to himself or herself or to others; Causes a serious disruption that cannot be addressed through other means; or is the act of bringing a firearm on school campus.

OSS shall not be used to discipline a student for skipping class, excessive absences, or other forms of truancy.

The school principal or designee shall proceed as follows in deciding whether or not to suspend a student:

- The student shall be given written notice or advised orally of the charges against him/her;

- If the student denies the charges, he/she shall be given an explanation of the evidence against him/her and be allowed to present his/her version of the facts; and
- If the principal finds the student guilty of the misconduct, he/she may be suspended.

When possible, notice of the suspension, its duration, and any stipulations for the student's re-admittance to class will be given to the parent(s), legal guardian(s), or to the student if age eighteen (18) or older prior to the suspension. Such notice shall be handed to the parent(s), legal guardian(s), or to the student if age eighteen (18) or older or mailed to the last address reflected in the records of the school district.

Generally, notice and hearing should precede the student's removal from school, but if prior notice and hearing are not feasible, as where the student's presence endangers persons or property or threatens disruption of the academic process, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as practicable.

It is the parents' or legal guardians' responsibility to provide current contact information to the district, which the school shall use to immediately notify the parent or legal guardian upon the suspension of a student. The notification shall be by one of the following means, listed in order of priority: A primary call number;

- The contact may be by voice, voice mail, or text message.
- An email address;
- A regular first class letter to the last known mailing address.

The district shall keep a log of contacts attempted and made to the parent or legal guardian.

During the period of their suspension, students serving OSS are not permitted on campus except to attend a student/parent/administrator conference.

During the period of their suspension, students serving in-school suspension shall not attend or participate in any school-sponsored activities during the imposed suspension.

Suspensions initiated by the principal or his/her designee may be appealed to the Superintendent, but not to the Board.

Suspensions initiated by the Superintendent may be appealed to the Board.

4.31 EXPULSION

The Board of Education may expel a student for a period longer than ten (10) school days for violation of the District's written discipline policies.

The Superintendent may make a recommendation of expulsion to the Board of Education for student conduct:

- Deemed to be of such gravity that suspension would be inappropriate;
- Where the student's continued attendance at school would disrupt the orderly learning environment; or
- Would pose an unreasonable danger to the welfare of other students or staff.
- Expulsion shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student's behavior:
- Poses a physical risk to himself or herself or to others;
- Causes a serious disruption that cannot be addressed through other means; or
- Is the act of bringing a firearm on school campus.

The Superintendent or his/her designee shall give written notice to the parents or legal guardians (mailed to the address reflected on the District's records) that he/she will recommend to the Board of Education that the student be expelled for the specified length of time and state the reasons for the recommendation to expel. The notice shall give the date, hour, and place where the Board of Education will consider and dispose of the recommendation.

The hearing shall be conducted not later than ten (10) school days¹ following the date of the notice, except that representatives of the Board and student may agree in writing to a date not conforming to this limitation.

The President of the Board, Board attorney, or other designated Board member shall preside at the hearing. The student may choose to be represented by legal counsel. Both the district administration and School Board also may be represented by legal counsel. The hearing shall be conducted in open session of the Board unless the parent, or student if age eighteen (18) or older, requests that the hearing be conducted in executive session. Any action taken by the Board shall be in open session.

During the hearing, the Superintendent, or designee, or representative will present evidence, including the calling of witnesses that gave rise to the recommendation of expulsion. The student, or his/her representative, may then present evidence including statements from persons with personal knowledge of the events or circumstances relevant to the charges against the student. Formal cross-examination will not be permitted; however, any member of the Board, the Superintendent, or designee, the student, or his/her representative may question anyone making a statement and/or the student. The presiding officer shall decide questions concerning the appropriateness or relevance of any questions asked during the hearing.

Except as permitted by policy 4.22, the Superintendent shall recommend the expulsion of any student for a period of not less than one (1) year for possession of any firearm prohibited on school campus by law. The Superintendent shall, however, have the discretion to modify the expulsion recommendation for a student on a case-by-case basis. Parents or legal guardians of a student enrolling from another school after the expiration of an expulsion period for a weapons policy violation shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property.² The parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The Superintendent and the Board of Education shall complete the expulsion process of any student that was initiated because the student possessed a firearm or other prohibited weapon on school property regardless of the enrollment status of the student.

SEARCH, SEIZURE, AND INTERROGATIONS

The District respects the rights of its students against arbitrary intrusion of their person and property. At the same time, it is the responsibility of school officials to protect the health, safety, and welfare of all students enrolled in the District to promote an environment conducive to student learning. The Superintendent, principals, and their designees have the right to inspect and search school property and equipment. They may also search students and their personal property in which the student has a reasonable expectation of privacy when there is reasonable suspicion to believe such student or property contains illegal items or other items in violation of Board policy or dangerous to the school community. School authorities may seize evidence found in the search and disciplinary action may be taken. Evidence found which appears to be in violation of the law shall be reported to the appropriate authority.

School property shall include, but not be limited to, lockers, desks, and parking lots, as well as personal effects left there by students. When possible, prior notice will be given and the student will be allowed to be present along with an adult witness; however, searches may be done at any time with or without notice or the student's consent. A personal search must not be excessively intrusive in light of the age and sex of the student and the nature of the infraction.

The Superintendent, principals, and their designees may request the assistance of law enforcement officials to help conduct searches. Such searches may include the use of specially trained dogs.

A school official of the same sex shall conduct personal searches with an adult witness of the same sex present.

State Law requires that the Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Department of the Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72 hour hold" without first obtaining a court order. Other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above 18 years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to law enforcement agency due to court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis on student enrollment forms. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, custodian, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Department of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, the principal must release a student to either a police officer who presents a subpoena for the student, or warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

4.48 VIDEO SURVEILLANCE

The board has a responsibility to maintain discipline and protect the safety, security, and welfare of its students, staff, and visitors while at the same time safeguarding district facilities, vehicles, and equipment. As part of fulfilling this responsibility, the board authorizes the use of video/audio surveillance cameras. The placement of video/audio surveillance cameras shall be based on the presumption and belief that students, staff and visitors have no reasonable expectation of privacy anywhere on or near school property, facilities, vehicles, or equipment, with the exception of places such as rest rooms or dressing areas where an expectation of privacy is reasonable and customary.

Signs shall be posted on campus buildings and in district vehicles to notify students, staff, and visitors that video cameras may be in use. Parents and students shall also be notified through the student handbook that cameras may be in use in school buildings, on school grounds and in school vehicles. Students will be held responsible for any violations of school discipline rules caught by the cameras.

The district shall retain copies of video recordings until they are erased which may be accomplished by either deletion or copying over with a new recording.

Videos containing evidence of a violation of student conduct rules and/or state or federal law shall be retained until the issue of the misconduct is no longer subject to review or appeal as determined by board policy or student handbook;² any release or viewing of such records shall be in accordance with current law.

Students who vandalize, damage, disable, or render inoperable (temporarily or permanently) surveillance cameras and equipment shall be subject to appropriate disciplinary action and referral to appropriate law enforcement authorities.

COMMUNICABLE DISEASES AND PARASITES

Students with communicable diseases or with human host parasites that are transmittable in a school environment shall demonstrate respect for other students by not attending school while they are capable of transmitting their condition to others. Students whom the school nurse determines are unwell or unfit for school attendance or who are believed to have a communicable disease or condition will be required to be picked up by their parent or guardian. Specific examples include, but are not limited to: Varicella (chicken pox), measles, scabies, conjunctivitis (Pink Eye), impetigo/MRSA (Methicillin-resistant Staphylococcus aureus), streptococcal and staphylococcal infections, ringworm, mononucleosis, Hepatitis A, B, or C, mumps, vomiting, diarrhea, and fever (100.4 F when taken orally). A student who has been sent home by the school nurse will be subsequently readmitted, at the discretion of the school nurse, when the student is no longer a transmission risk. In some instances, a letter from a health care provider may be required prior to the student being readmitted to the school.

To help control the possible spread of communicable diseases, school personnel shall follow the District's exposure control plan when dealing with any blood borne, food borne, and airborne pathogens exposures. Standard precautions shall be followed relating to the handling, disposal, and cleanup of blood and other potentially infectious materials such as all body fluids, secretions and excretions (except sweat).

In accordance with 4.57—IMMUNIZATIONS, the District shall maintain a copy of each student's immunization record and a list of individuals with exemptions from immunization which shall be education records as defined in policy 4.13. That policy provides that an education record may be disclosed to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals.

A student enrolled in the District who has an immunization exemption may be removed from school at the discretion of the Arkansas Department of Health during an outbreak of the disease for which the student is not vaccinated. The student may not return to ~~the~~ school until the outbreak has been resolved and the student's return to school is approved by the Arkansas Department of Health.

The parents or legal guardians of students found to have live human host parasites that are transmittable in a school environment will be asked to pick their child up at the end of the school day. The parents or legal guardians will be given information concerning the eradication and control of human host parasites. A student may be readmitted after the school nurse or designee has determined the student no longer has live human host parasites that are transmittable in a school environment.

Each school may conduct screenings of students for human host parasites that are transmittable in a school environment as needed. The screenings shall be conducted in a manner that respects the privacy and confidentiality of each student.

STUDENT ILLNESS/ACCIDENT

If a student becomes too ill to remain in class and/or could be contagious to other students, the principal or designee will attempt to notify the student's parent or legal guardian. The student will remain in the school's health room or a place where he/she can be supervised until the end of the school day or until the parent/legal guardian can check the student out of school.

If a student becomes seriously ill or is injured while at school and the parent/legal guardian cannot be contacted, the failure to make such contact shall not unreasonably delay the school's expeditious transport of the student to an appropriate medical care facility. The school assumes no responsibility for treatment of the student. When available, current, and applicable, the student's emergency contact numbers and medical information will be utilized. Parents are strongly encouraged to keep this information up to date.

PHYSICAL EXAMINATIONS OR SCREENINGS

The district conducts routine health screenings such as hearing, vision, and scoliosis due to the importance these health factors play in the ability of a student to succeed in school. The intent of the exams or screenings is to detect defects in hearing, vision, or other elements of health that would adversely affect the student's ability to achieve to his/her full potential.

The rights provided to parents under this policy transfer to the student when he/she turns eighteen (18) years old.

Except in instances where a student is suspected of having a contagious or infectious disease, parents shall have the right to opt their student out of the exams or screenings by using form 4.41F or by providing certification from a physician that he/she has recently examined the student.

HELP! EMERGENCY! INJURY! ILLNESS!

If a serious accident should occur to your child while he/she is in school or he/she becomes ill.... WHERE? HOW DO WE REACH YOU? Be sure the school always has your correct address, telephone number, where you work, and an emergency contact number. PLEASE KEEP US INFORMED. (On the first day of school your child will bring home an emergency form. Please fill out the form completely and return with your child the next day. Please notify us of any changes.)

MEDICAL REQUIREMENTS

State law requires immunization of all school children against rubella, measles, diphtheria, tetanus and polio. Students have thirty calendar days to produce evidence of immunization before they are restricted from attendance. Immunization exemptions are for religious or medical reasons only and should be properly authenticated. The school nurse maintains all school medical records and determines if a child is ill enough to be sent home.

The nurse is not a substitute for the doctor. Recommendations will be made but the parents should take their student to the doctor if there are any questions.

4.35—STUDENT MEDICATIONS

Prior to the administration of any medication, including any dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, to any student under the age of eighteen (18), written parental consent is required. The consent form shall include authorization to administer the medication and relieve the Board and its employees of civil liability for damages or injuries resulting from the administration of medication to students in accordance with this policy. All signed medication consent forms are to be maintained by the school nurse.

Unless authorized to self-administer, students are not allowed to carry any medications, including over-the-counter (OTC) medications or any dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, while at school. The parent or legal guardian shall bring the student's medication to the school nurse. The student may bring the medication if accompanied by a written authorization from the parent or legal guardian. When medications are brought to the school nurse, the nurse shall document, in the presence of the parent, the quantity of the medication(s). If the medications are brought by a student, the school nurse shall ask another school employee to verify, in the presence of the student, the quantity of the medication(s). Each person present shall sign a form verifying the quantity of the medication(s).

Medications, including those for self-administration, must be in the original container and be properly labeled with the student's name, the ordering provider's name, the name of the medication, the dosage, frequency, and instructions for the administration of the medication (including times). Additional information accompanying the medication shall state the purpose for the medication, its possible side effects, and any other pertinent instructions (such as special storage requirements) or warnings. Schedule II medications that are permitted by this policy to be brought to school shall be stored in a double locked cabinet.

Students with an individualized health plan (IHP) may be given OTC medications to the extent giving such medications are included in the student's IHP.

Option One

The only Schedule II medications that shall be allowed to be brought to the school are methylphenidate (e.g. Ritalin or closely related medications as determined by the school nurse), dextroamphetamine (Dexedrine), and amphetamine sulfate (e.g. Adderall or closely related medications as determined by the school nurse).

For the student's safety, no student will be allowed to attend school if the student is currently taking any other Schedule II medication than permitted by this policy. Students who are taking Schedule II medications which are not allowed to be brought to school shall be eligible for homebound instruction if provided for in their IEP or 504 plans.

Option Two

Students taking Schedule II medications methylphenidate (e.g. Ritalin or closely related medications as determined by the school nurse), dextroamphetamine (Dexedrine), and amphetamine sulfate (e.g. Adderall or closely related medications as determined by the school nurse) shall be allowed to attend school.

Students taking Schedule II medications not included in the previous sentence shall be allowed to bring them to school under the provisions of this policy and shall be permitted to attend and participate in classes **only** to the extent the student's doctor has specifically authorized such attendance and participation. A doctor's prescription for a student's Schedule II medication is **not** an authorization. Attendance authorization shall specifically state the degree and potential danger of physical exertion the student is permitted to undertake in the student's classes and extracurricular activities. Without a doctor's written authorization, a student taking Schedule II medications, other than those specifically authorized in this policy, shall **not** be eligible to attend classes, but shall be eligible for homebound instruction if provided for in their IEP or 504 plans.

The district's supervising registered nurse shall be responsible for creating both on campus and off campus procedures for administering medications.

Students who have written permission from their parent or guardian and a licensed health care practitioner on file with the District may:

- Self-administer either a rescue inhaler or auto-injectable epinephrine;
- Perform his/her own blood glucose checks;
- Administer insulin through the insulin delivery system the student uses;
- Treat the student's own hypoglycemia and hyperglycemia; or
- Possess on his or her person:
 - A rescue inhaler or auto-injectable epinephrine; or
 - the necessary supplies and equipment to perform his/her own diabetes monitoring and treatment functions.

Students who have a current consent form on file shall be allowed to carry and self-administer such medication while:

- In school;
- At an on-site school sponsored activity;
- While traveling to or from school; or
- At an off-site school sponsored activity.

A student is prohibited from sharing, transferring, or in any way diverting his/her medications to any other person. The fact that a student with a completed consent form on file is allowed to carry a rescue inhaler, auto-injectable epinephrine, diabetes medication, or combination does not require him/her to have such on his/her person. The parent or guardian of a student who qualifies under this policy to self-carry a rescue inhaler, auto-injectable epinephrine, diabetes medication, or any combination on his/her person shall provide the school with the appropriate medication, which shall be immediately available to the student in an emergency.

Students may be administered Glucagon, insulin, or both in emergency situations by the school nurse or, in the absence of the school nurse, a trained volunteer school employee designated as a care provider, provided the student has:

- an IHP that provides for the administration of Glucagon, insulin, or both in emergency situations; and
- a current, valid consent form on file from their parent or guardian.

- When the nurse is unavailable, the trained volunteer school employee who is responsible for a student shall be released from other duties during:
- The time scheduled for a dose of insulin in the student's IHP; and
- Glucagon or non-scheduled insulin administration once other staff have relieved him/her from other duties until a parent, guardian, other responsible adult, or medical personnel has arrived.

A student shall have access to a private area to perform diabetes monitoring and treatment functions as outlined in the student's IHP.

Emergency Administration of Epinephrine

The school nurse or other school employees designated by the school nurse as a care provider who have been trained and certified by a licensed physician may administer an epinephrine auto-injector in emergency situations to students who have an IHP developed under Section 504 of the Rehabilitation Act of 1973 which provides for the administration of an epinephrine auto-injector in emergency situations.

The parent of a student who has an authorizing IHP, or the student if over the age of eighteen (18), shall annually complete and sign a written consent form provided by the student's school nurse authorizing the nurse or other school employee certified to administer auto-injector epinephrine to the student when the employee believes the student is having a life-threatening anaphylactic reaction.

Students with an order from a licensed health care provider to self-administer auto-injectable epinephrine and who have written permission from their parent or guardian shall provide the school nurse an epinephrine auto-injector. This epinephrine will be used in the event the school nurse, or other school employee certified to administer auto-injector epinephrine, in good faith professionally believes the student is having a life-threatening anaphylactic reaction and the student is either not self-carrying his/her /epinephrine auto-injector or the nurse is unable to locate it.

The school nurse for each District school shall keep epinephrine auto-injectors on hand that are suitable for the students the school serves. The school nurse or other school employee designated by the school nurse as a care provider who has been trained¹ and certified by a licensed physician may administer auto-injector epinephrine to those students who the school nurse, or other school employee certified to administer auto-injector epinephrine, in good faith professionally believes is having a life-threatening anaphylactic reaction.

The school shall not keep outdated medications or any medications past the end of the school year. Parents shall be notified ten (10) days in advance of the school's intention to dispose of any medication. Medications not picked up by the parents or legal guardians within the ten (10) day period shall be disposed of by the school nurse in accordance with current law and regulations.

MEDICATION CONSENT FORMS

Medication Administration Consent Forms can be picked up in the principal and nurse's office, or in the back of the school handbook. Medication will not be given without a signed form.

HEAD LICE

This condition is an infestation of lice on the scalp. Lice are small insects about the size of a sesame seed. They are usually brown in color.

Signs and Symptoms

1. Itching of scalp and/or back of neck.
2. Presence of louse
3. Presence of nits (eggs) on hair shaft (Nits resemble dandruff, but dandruff can be easily removed from the hair shaft and lice nits cannot)
4. Reddened areas around scalp, behind ears and neck.

Exclusion/Readmission

In accordance with the Calico Rock School District, students with head lice will be excluded until properly treated.

First finding- Student is confirmed with head lice and sent home to be treated immediately. Children should be treated and nits removed before returning to school. If a student returns to school without being treated, he or she is immediately sent home. Please be aware that just treating the child does not get rid of the problem. The entire household must be treated.

When the same child is found with head lice three times, per semester, the student will be readmitted to school only after the school receives a Free from Infection Statement from a physician or Health Department. The school will make a report to Human Services, if the student repeatedly is found with head lice.

ILLNESSES

Parents will be asked to come and get their children when the child appears to have an illness that could be contagious to other students or if the child is too sick to do school work. This will be left to the discretion of the school nurse. The following are some guidelines for a few particular medical situations.

FEVER ILLNESSES

A temperature of 100 degrees usually means the child is ill enough that they do not feel up to school activities and may have an infection that could be passed on to others. Children with 100 degrees or greater will be sent home. We ask that you keep the child home until the fever is gone for 24 hours.

CHICKENPOX

Chickenpox is a highly contagious disease marked by a rash with a tiny raised center that later looks like a blister. Exclusion/Readmission Students may return to school a minimum of 7 days after the rash appears. This is a state guideline.

PINKEYE

Pinkeye is an inflammation of the mucous membrane that lines the eyelids and extends over the eye. Exclusion/Readmission It is recommended that students who appear to have viral or bacterial pinkeye be evaluated by a physician for possible medication. It is the nursing staff's preference that all lower elementary students who have pinkeye remain out of school for as long as they are having yellow, sticky eye drainage. Older students who can maintain proper hygiene precautions will not be excluded.

DISMISSAL OF STUDENTS

Parent must sign students out in the office anytime they leave school before regular dismissal.

Unless a court has indicated otherwise by custody papers, a student will only be released to the parent(s) indicated by the enrollment form.

The school must have on file a copy of the legal custody papers before preventing a restricted parent from taking his or her child from school.

- We cannot accept the word of one parent over another without legal authority.
- People other than parents, must have a certificate of guardianship on file in the office for children to attend school here.
- Students will only be allowed to leave school with written parent permission to the classroom teacher stating reason, time and with whom the child is to leave.
- Parents must send a note to the teacher if the student is to go home in some way other than the normal method. *Students who are to spend the night with a friend must have a parent note. They will not be permitted to call home and get verbal permission.
- The telephone at school is a business phone. Students will not be allowed to use the phone except in an emergency.

FIELD TRIPS

School-sponsored trips and special activities will be supervised by teachers and parents. Notice will be given to parents in advance about student dress, money requirements and any other relevant information about your child's safety and personal welfare. A permission slip will be sent home requiring your signature in order for your child to participate. We must have a permission slip for your child to participate. If you do not wish for your child to participate please contact your child's teacher. It should be understood that field trips are a privilege. Students with a poor behavior record may not be allowed to go on special field trips.

VISITORS TO THE SCHOOLS

Parents, grandparents, legal guardians, business, and community members are welcome and encouraged to visit District schools. To minimize the potential for disruption of the learning environment, visitors, for a purpose other than to attend an activity open to the general public, are required to first report to the school's main office. No one shall be exempt from this requirement. Parents and legal guardians are encouraged to participate in regularly scheduled visitation events such as school open houses and parent/teacher conferences. Additional conferences are best when scheduled in advance. Conferences shall be scheduled at a time and place to

accommodate those participating in the conference. Visits to individual classrooms during class time are permitted on a limited basis with the principal's prior approval and the teacher's knowledge.

The District has the right to ask disruptive visitors to leave its school campuses. Principals are authorized to seek the assistance of law enforcement officers in removing any disruptive visitors who refuse to leave voluntarily.

4.54 - STUDENT ACCELERATION

The Board believes that acceleration is an effective and research-based intervention for the academic growth of students who are ready for an advanced or faster-paced curriculum. It can allow a student to move through the traditional educational setting more rapidly, based on assessed readiness, capability and motivation. At the same time, the Board understands that acceleration is not a replacement for gifted education services or programs.

Generally, acceleration can occur through one of two broad categories: content based and grade based. Grade based acceleration shortens the number of years a student would otherwise spend in K-12 education, while content based acceleration occurs within the normal K-12-time span. Either form of acceleration can be triggered by either a parent/guardian, student, or community member's request or by the referral of school personnel. In either case, the process of determining the appropriateness of the request shall be under the direction of the district Gifted and Talented Program Coordinator who shall convene the individuals necessary to make an informed decision which shall include the student's parents or guardians.

While the needs of the student should dictate when acceleration decisions are considered, the Board believes the optimal time for referrals is in the spring which gives adequate time for working through the determination process and for preparing those concerned for a smooth transition to the acceleration beginning in the following school-year.

The District's Gifted and Talented Program Coordinator will create a written format to govern the referral and determination process which shall be made available to any parent or staff member upon request.

The parents/guardians of any student whose request for acceleration has been denied may appeal the decision, in writing to the District's GT Coordinator. The District's GT Coordinator and the Acceleration Placement Committee will again thoroughly review the case study that was completed on the student. Upon completion of the review, the Committee will either request additional new testing be conducted to help the Committee make its determination or it will uphold the initial decision. The Committee's decision may not be further appealed.

REPORT CARDS

Parents or guardians shall be kept informed concerning the progress of their student. Parent-teacher conferences are encouraged and may be requested by parents, guardians, or teachers. If the progress of a student is unsatisfactory in a subject, the teacher shall attempt to schedule a parent-teacher conference. In the conference, the teacher shall explain the reasons for difficulties and shall develop, cooperatively with the parents, a plan for remediation which may enhance the probability of the student succeeding.

The school shall also send timely progress reports and issue grades for each nine-week grading period to keep parents/guardians informed of their student's progress. Calico Rock Elementary School shall schedule two parent/teacher conference nights on the school's yearly calendar and parents are encouraged to attend.

The evaluation of each student's performance on a regular basis serves to give the parents/guardians, students, and the school necessary information to help effect academic improvement. Students' grades shall reflect only the extent to which a student has achieved the expressed educational objectives of the course.

Parents will receive quarterly report cards. Parents will receive a deficiency report 4 ½ weeks into the nine week quarters if their child is making a D or F in any subject area or is not performing up to grade level.

Standards-based grading is used for all elementary students in grades K-1. The following Uniform Grading Scales measure student achievement performance against Arkansas State Learning Expectations appropriate for the specified grade level. 123 grade scale is used for Kindergarten, and a combination of the 123 and Percentage grade scales are used for 1st grade. 3 = Meets Expectations, 2 = Progressing Toward Expectations, 1 = Not Meeting Expectations

90-100%	Advanced-A
80-89%	Proficient-B
70-79%	Basic-C
60-69%	Below Basic-D

Grades assigned to students for performance in a course shall reflect only the extent to which a student has achieved the expressed academic objectives of the course. Grades that reflect other educational objectives such as the student learning expectations contained in the curriculum frameworks may also be given.

PLACEMENT OF MULTIPLE BIRTH SIBLINGS

A parent or guardian of multiple birth siblings assigned to the same grade level in pre-kindergarten through sixth grade may request for the siblings to be placed in the same or separate classrooms. The request must be made in writing with the school office fourteen days prior to the first day of school. If one parent's election differs with another parent's election, the school will determine the appropriate placement. The school may direct a classroom placement that differs with the parent's request after 30 instructional days when the school determines the placement is detrimental to the educational achievement of one or more multiple birth siblings or disruptive behavior or environment. A parent may appeal the classroom placement in accordance with district grievance procedures. The school is not required to honor the request if placing the siblings in separate classrooms would require adding an additional class to the grade level. This does not reflect a right or obligation of the school or school district regarding student placement under The Children with Disabilities Act of 1973 (6-41-201) or the Individuals with Disabilities Education Act (20 U.S.C. 33 Section 1400 et seq) or successor provisions of law.

4.38 PERMANENT RECORDS

Permanent school records, as required by the Arkansas Department of Education, shall be maintained for each student enrolled in the District until the student receives a high school diploma or its equivalent or is beyond the age of compulsory school attendance. A copy of the student's permanent record shall be provided to the receiving school district within ten (10) school days after the date a request from the receiving school district is received.

4.40—HOMELESS STUDENTS

The Calico Rock School District will afford the same services and educational opportunities to homeless children as are afforded to non-homeless children. The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational agency (LEA) liaison for homeless children and youth whose responsibilities shall include, but are not limited to:

- Receive appropriate time and training in order to carry out the duties required by law and this policy;
- Coordinate and collaborate with the State Coordinator, community, and school personnel responsible for education and related services to homeless children and youths;
- Ensure that school personnel receive Professional development and other support regarding their duties and responsibilities for homeless youths;
- Ensure that unaccompanied homeless youths:
 - Are enrolled in school;
 - Have opportunities to meet the same challenging State academic standards as other children and youths; and
 - Are informed of their status as independent students under the Higher Education Act of 1965 and that they may obtain assistance from the LEA liaison to receive verification of such status for purposes of the Free Application for Federal Student Aid;
- Ensure that public notice of the educational rights of the homeless children and youths is disseminated in locations frequented by parents or guardians of such youth, and unaccompanied homeless youths, including schools, shelters, public libraries, and soup kitchens, in a manner and form that is easily understandable.

To the extent possible, the LEA liaison and the building principal shall work together to ensure no homeless child or youth is harmed due to conflicts with District policies solely because of the homeless child or youth's living situation; this is especially true for District policies governing fees, fines, and absences.

Notwithstanding Policy 4.1, homeless students living in the district are entitled to enroll in the district's school that non-homeless students who live in the same attendance area are eligible to attend. If there is a question concerning the enrollment of a homeless child due to a conflict with Policy 4.1 or 4.2, the child shall be immediately admitted to the school in which enrollment is sought pending resolution of the dispute, including all appeals. It is the responsibility of the District's LEA liaison for homeless children and youth to carry out the dispute resolution process.

For the purposes of this policy "school of origin" means:

- The school that a child or youth attended when permanently housed or the school in which the child or youth was last enrolled, including a preschool; and
- The designated receiving school at the next grade level for all feeder schools when the child completes the final grade provided by the school of origin.

The District shall do one of the following according to what is in the best interests of a homeless child:

- Continue the child's or youth's education in the school of origin for the duration of homelessness;
- In any case in which a family becomes homeless between academic years or during an academic year; and for the remainder of the academic year, if the child or youth becomes permanently housed during an academic year; or
- Enroll the child or youth in any public school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

In determining the best interest of the child or youth, the District shall:

- Presume that keeping the child or youth in the school of origin is in the child's or youth's best interest, except when doing so is contrary to the request of the child's or youth's parent or guardian, or (in the case of an unaccompanied youth) the youth;
- Consider student-centered factors related to the child's or youth's best interest, including factors related to the impact of mobility on achievement, education, health, and safety of homeless children and youth, giving priority to the request of the child's or youth's parent or guardian or (in the case of an unaccompanied youth) the youth.

If the District determines that it is not in the child's or youth's best interest to attend the school of origin or the school requested by the parent or guardian, or (in the case of an unaccompanied youth) the youth, the District shall provide the child's or youth's parent or guardian or the unaccompanied youth with a written explanation of the reasons for its determination, in a manner and form understandable to such parent, guardian, or unaccompanied youth, including information regarding the right to appeal. For an unaccompanied youth, the District shall ensure that the LEA liaison assists in placement or enrollment decisions, gives priority to the views of such unaccompanied youth, and provides notice to such youth of the right to appeal.

The homeless child or youth must be immediately enrolled in the selected school regardless of whether application or enrollment deadlines were missed during the period of homelessness.

The District shall be responsible for providing transportation for a homeless child, at the request of the parent or guardian (or in the case of an unaccompanied youth, the LEA Liaison), to and from the child's school of origin.

For the purposes of this policy, students shall be considered homeless if they lack a fixed, regular, and adequate nighttime residence and:

- Are:
- Sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason;
 - Living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations;
 - Living in emergency or transitional shelters;
 - Abandoned in hospitals; or
 - Have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;
 - Are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and

- Are migratory children who are living in circumstances described in clauses (a) through (c).

In accordance with Federal law, information on a homeless child or youth's living situation is part of the student's education record and shall not be considered, or added, to the list of directory information in Policy 4.13.

4.45—SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS FOR THE CLASSES OF 2019 AND 2020

All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are eighteen (18) years of age or older, sign a *Smart Core Waiver Form* to not participate. While Smart Core is the default option, both a *Smart Core Informed Consent Form* and a *Smart Core Waiver Form* will be sent home with students prior to their enrolling in seventh (7th) grade, or when a seventh (7th) through twelfth (12th) grade student enrolls in the district for the first time and there is not a signed form in the student's permanent record. Parents must sign one of the forms and return it to the school so it can be placed in the students' permanent record. This policy is to be included in student handbooks for grades six (6) through twelve (12) and both students and parents must sign an acknowledgement they have received the policy. Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum or the requirements of their IEP (when applicable) to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians prior to the time they are required to sign the consent forms.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum **providing** they would be able to complete the required course of study by the end of their senior year. Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing paths.

This policy, the Smart Core curriculum, and the courses necessary for graduation shall be reviewed by staff, students, and parents as part of the annual school district support plan development process to determine if changes need to be made to better serve the needs of the district's students. The superintendent, or his/her designee, shall select the composition of the review panel.

Sufficient information relating to Smart Core and the district's graduation requirements shall be communicated to parents and students to ensure their informed understanding of each. This may be accomplished through any or all of the following means:

- Inclusion in the student handbook of the Smart Core curriculum and graduation requirements;
- Discussion of the Smart Core curriculum and graduation requirements at the school's annual public meeting, PTA meetings, or a meeting held specifically for the purpose of informing the public on this matter;
- Discussions held by the school's counselors with students and their parents; and/or
- Distribution of a newsletter(s) to parents or guardians of the district's students.

Administrators, or their designees, shall train newly hired employees, required to be licensed as a condition of their employment, regarding this policy. The district's annual professional development shall include the training required by this paragraph.

To the best of its ability, the District shall follow the requirements covering the transfer of course credit and graduation set forth in the Interstate Compact on Educational Opportunity for Military Children for all students who meet the definition of "eligible child" in Policy 4.2—ENTRANCE REQUIREMENTS.

GRADUATION REQUIREMENTS

The number of units' students must earn to be eligible for high school graduation is to be earned from the categories listed below. A minimum of twenty-two (22) units is required for graduation for a student participating in either the Smart Core or Core curriculum. In addition to the twenty-two (22) units required for graduation by the Arkansas Department of Education (ADE), the district requires an additional (2) units to graduate for a total of (24) units. Not all units earned toward graduation necessarily apply to Smart Core requirements.

All students must receive a passing score on the Arkansas Civics Exam in order to graduate.

Digital Learning Courses

The District shall offer one or more digital learning course(s) through one or more District approved provider(s) as either a primary or supplementary method of instruction. 4.49 SPECIAL EDUCATION

The district shall provide a free appropriate public education and necessary related services to all children with disabilities residing within the district, as required under the Individuals with Disabilities Education Act ("IDEA"), Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act, and Arkansas Statutes.

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated and provided with appropriate educational services. Students may be disabled within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to the IDEA.

For students eligible for services under IDEA, the District shall follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in the state and federal statutes governing special education. Implementation of an Individualized Education Program (IEP) in accordance with the IDEA satisfies the district's obligation to provide a free and appropriate education under Section 504.

The Board directs the superintendent to ensure procedures are in place for the implementation of special education services and that programs are developed to conform to the requirements of state and federal legislation. The superintendent is responsible for appointing a district coordinator for overseeing district fulfillment of its responsibilities regarding students with disabilities. Among the coordinator's responsibilities shall be ensuring district enforcement of the due process rights of students with disabilities and their parents.

COMPLAINTS

It is a goal of the Board and the District to be responsive to the community it serves and to continuously improve the educational program offered in its schools. The Board or the District welcomes constructive criticism when it is offered with the intent of improving the quality of the system's educational program or the delivery of the District's services.

The Board formulates and adopts policies to achieve the District's vision and elects a Superintendent to implement its policies. The administrative functions of the District are delegated to the Superintendent who is responsible for the effective administration and supervision of the District. Individuals with complaints concerning personnel, curriculum, discipline (including specific discipline policies), coaching, or the day to day management of the schools need to address those complaints according to the following sequence:

Teacher, coach, or other staff member against whom the complaint is directed
Principal
Superintendent

Other than in the few instances where statutorily allowed or required, student discipline and personnel matters may not be discussed in Board meetings. Individuals with complaints regarding such matters need to follow the sequence outlined above.

Unless authorized by the Board as a whole for a specific purpose, no individual Board member has any authority when acting alone. District constituents are reminded that the Board serves as jury in matters regarding student suspensions initiated by the Superintendent, expulsions, and personnel discipline.

ETHICS COMPLAINT

A parent or legal guardian may file an ethics complaint against any person holding a valid Arkansas teacher's or administrator's license issued by the State Board of Education. An ethical violation is an act or omission on the part of the educator when the educator knew or reasonably should have known that the act or omission was in violation of the Code of Ethics.

An ethical violation does not include a reasonable mistake made in good faith, an act or omission undertaken in accordance with the reasonable instructions of a supervisor, or an act or omission under circumstances in which the educator had reasonable belief that failure to follow instructions of a supervisor would result in an adverse job action. An ethics complaint states the facts constituting the alleged ethical violation of the Code of Ethics and is signed under penalty of perjury by the person filing the complaint.

TEACHER CONFERENCES

Parent conferences will be held after the first and third nine weeks of school. If you desire an immediate conference, you may make an appointment either by note to the teacher or by telephoning the office to leave your message. "Instant conferences" during school hours takes the teacher away from instruction time and cannot be held.

HOMEWORK

As a student advances through school, more and more homework will be demanded. Secondary schools demand more work outside the classroom than does the elementary school. Those students who continue their education beyond high school will be required to do the majority of their studying outside the classroom. It is important that good study habits be developed early in a student's school life to ensure their ability to cope with the demands after leaving public schools.

Homework

Parents are encouraged to provide the students with a desirable environment in which to study, as partners with the school. Parents should encourage the students to read the work exercises which are not assigned to help the students have a better understanding of skills and concepts. Be positive and encouraging. Check to see if assignments are complete and placed in a secure place to be taken to school.

The homework assigned will be related to the school's aims of education and to meet specific objective of the class. Homework can be a factor in determining the grade the student receives in the subject or class. If homework assignments are not completed, the student's grade may reflect missing homework.

The school, in making homework assignments, will generally follow this time allotment, but we recognize that students do not work at the same rate so the times may vary for some;

Level K The time to complete the homework assignment may range from 15-20 minutes and will not be every night. Homework should not exceed 20 minutes.

Reading stories, going over letters, sounds of letters, numbers, discuss new words, or tell parents how the school day went are just a few suggestions.

Level 1-2 The time to complete the homework assignments may range from 20-30 minutes per night. Homework should not exceed 30 minutes.

Level 3-6 The daily assignment of homework may range from 30-45 minutes. Homework should not exceed 45 minutes.

REMEDIATION POLICY

A remediation program is in place at Calico Rock Elementary School to ensure that all students perform at proficient or advanced level on the state Benchmark. Students needing specific remediation will be placed into the remediation program as part of their regular school day until adequate academic progress has been met as stated by the committee for the individual Student Success Plan (SSP)

EXTRA CURRICULAR ACTIVITIES

Any student enrolled in grades K-6 who wishes to participate in, practice, or play any extracurricular activity, must have a 1.75 grade point average or be making progress on his/her Individualized Education Plan. Participation in extracurricular activities should not

interfere with instructional time, but it is realized that from time to time this will occur. However, the interruptions should be kept to a minimum.

To play Peewee basketball a student must have a 2.0 grade point average at semester. This average must be maintained during the Peewee basketball season. If a student drops below this average, they will be given a two-week period for the grades to improve. If the grades do not improve, the student will be removed from the team and will not be allowed to play for the rest of the season.

4.56.1—EXTRACURRICULAR ACTIVITIES - ELEMENTARY

Definitions

“Extracurricular activities” are defined as: any school sponsored program where students from one or more schools meet, work, perform, practice under supervision outside of regular class time, or are competing for the purpose of receiving an award, rating, recognition, or criticism, or qualification for additional competition. Examples include, but are not limited to, inter/intrascholastic athletics, cheerleading, band, choral, math, or science competitions, field trips, and club activities.

“Field Trips” are when individual students or groups of students are invited to programs or events when there is no competition and the students are not interacting with each other for the purpose of planning, qualifying, or arranging for future programs or for the purpose of receiving recognition.

“Interscholastic Activities” means athletic or non-athletic/academic activities where students compete on a school vs. school basis.

“Intrascholastic Activities” means athletic or non-athletic/academic activities where students compete with students from within the same school.

Extracurricular Eligibility

The Board believes in providing opportunities for students to participate in extracurricular activities that can help enrich the student’s educational experience. At the same time, the Board believes that a student’s participation in extracurricular activities cannot come at the expense of his/her classroom academic achievement. Interruptions of instructional time in the classroom are to be minimal and absences from class to participate in extracurricular activities shall not exceed one per week per extracurricular activity (tournaments or other similar events excepted with approval of the Principal. All students are eligible for extracurricular activities unless specifically denied eligibility on the basis of criteria outlined in this policy.

A student may lose his/her eligibility to participate in extracurricular activities when, in the opinion of the school’s administration, the student’s participation in such an activity may adversely jeopardize his/her academic achievement. Students may also be denied permission to participate in extracurricular activities as a consequence of disciplinary action taken by the administration for inappropriate behavior.

Any student who refuses to sit for a State assessment or attempts to boycott a State assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity. The student shall remain ineligible to participate until the student takes the same or a following state mandated assessment, as applicable, or completes the required remediation for the assessment the student failed to put forth a good faith effort on.

The superintendent or designee may wave this paragraph's provisions when the student’s failure was due to exceptional or extraordinary circumstances. Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.

A student who enrolls in the district and meets the definition of “eligible child” in Policy 4.2—ENROLLMENT shall be eligible to try out for an extracurricular activity regardless of the date the student enrolls in the District so long as the student meets all other eligibility requirements and the extracurricular activity is still ongoing.

4.56.2—EXTRACURRICULAR ACTIVITY ELIGIBILITY FOR HOME SCHOOLED STUDENTS

Home-schooled student means a student legally enrolled in an Arkansas home school and who meets or has met the criteria for being a home-schooled student, as established by A.C.A. § 6-15-503.

Interscholastic activity means an activity between schools’ subject to regulations of the Arkansas Activities Association that is outside the regular curriculum of the school district, such as an athletic activity, fine arts program, or a special interest group or club.

Each school in the District shall post on its website its schedule of interscholastic activities, including sign-up, tryout, and participation deadlines, at least one semester in advance of those activities. A hard copy of the schedule shall be available upon request.

Home-schooled students whose parents or guardians are legal residents of the school district will be permitted to pursue participation in an interscholastic activity in the student's resident school zone as permitted by this policy.

Home-schooled students whose parent or legal guardian are not residents of the school district will be permitted to pursue participation in an interscholastic activity in the District if the superintendent of the student’s resident district and the superintendent of the District both agree in writing to allow the student to participate in interscholastic activities at the District.

Although not guaranteed participation in an interscholastic activity, home-school students who meet the provisions of this policy, AAA Rules, and applicable Arkansas statutes shall have an equal opportunity to try out and participate in an interscholastic activity without discrimination. The District shall provide a reasonable alternative to any prerequisite for eligibility to participate in an interscholastic activity that the home-schooled student is unable to meet because of his or her enrollment in a home school.

To be eligible to try out and participate in interscholastic activities, the student or the parent of a student shall mail or hand deliver the student's request to participate to the student's school's principal before the signup, tryout or participation deadline established for traditional students. Additionally, the student shall demonstrate academic eligibility by obtaining a minimum test score of the 30th percentile or better in the previous 12 months on the Stanford Achievement Test Series, Tenth Edition; another nationally recognized norm-referenced test; or a minimum score on a test approved by the State Board of Education.

A student who meets the requirements for eligibility to participate in an interscholastic activity is required to register for no more than one course in the District's school where the student is intending to participate in an interscholastic activity.

The student shall regularly attend the class in which the student is registered beginning no later than the eleventh (11th) day of the semester in which the student's interscholastic activity participation is desired. The student must attend the practices for the interscholastic activity to the same extent as is required of traditional students.

A student and the parent or legal guardian of the student shall sign and return an acknowledgement of receipt and review of an information sheet regarding signs and symptoms of sudden cardiac arrest before the student may participate in an athletic activity and before each school year the student participates in an athletic activity.

A home-schooled student who has met the try out criteria; and who has been selected to participate in the interscholastic activity shall meet the following criteria that also apply to traditional students enrolled in the school:

- standards of behavior and codes of conduct;
- attend the practices for the interscholastic activity to the same extent as is required of traditional students;
- required drug testing;
- permission slips, waivers, physical exams; and
- participation or activity fees.

A home-schooled student who is not a resident of the District may begin participating in interscholastic activities:

- a. Immediately upon being approved for participation for all interscholastic activities other than athletic activities; and

- b. One (1) calendar year after being approved to participate in interscholastic activities that are athletic activities unless the approval is prior to July 1 of the school year the student would have been enrolled in seventh (7th) grade if the student were enrolled in public school.

A home-schooled student who is not a resident of the District and is prohibited under this policy from participating in an interscholastic activity that is an athletic activity for one (1) calendar year may immediately participate in rehearsals, tryouts, practices, auditions, classes, or other endeavors associated with the interscholastic activity.

Students who participate in extracurricular or athletic activities under this policy will be transported to and from the interscholastic activities on the same basis as other students are transported.

A student who withdraws from an Arkansas Activities Association member school to be home-schooled shall not participate in an interscholastic activity in the resident school district for a minimum of three hundred sixty-five days after the student withdraws from the member school.

CONTACTING YOUR CHILD AT SCHOOL

Please inform your children before they leave home about your plans for the day, after school activities and rides home. Classroom activities are disrupted by unnecessary intercom messages. Please limit your calls to cases of emergency only. If it is necessary to check your child out of school before dismissal time, sign them out in the office and the school secretary will notify the teacher to release the child.

LABEL STUDENTS' BELONGINGS

Please write your child's name in all clothing, lunch boxes, and other personal belongings.

LOST AND FOUND

Every year we keep a LARGE box in the office for lost and found items. Please feel free to check this box for clothing or other items that have not returned to your home.

Most jewelry, watches, small items, etc. are taken to the office. If you cannot call about these items, please send a note with a description. You would be surprised at the descriptions we get from children. They hardly ever match the watches, etc. they have lost.

WITHDRAWAL

ARE YOU MOVING? When it is necessary for you to withdraw your child from school, please notify the office at least two days in advance. This will enable our staff to complete the necessary paperwork and to collect library books that may be due.

FOOD IN CLASSROOMS

Eating candy or other foods, chewing gum, or drinking beverages in the classroom or playground is prohibited unless special permission is given by the teacher or principal. Refreshments provided for birthday celebrations are permitted only during kindergarten snack time. Birthday parties are not permitted in grades 1-6.

Under new guidelines only prepackaged (store bought) items may be served to students.

EMERGENCY CLOSING & SEVERE WEATHER POLICY

If weather conditions make it dangerous for school buses to run routes, school will not be in session until the administration determines the conditions are safe. Radio and television stations will be notified by 6:30 a.m. if one of the following occurs:

- 1) School is called off.
- 2) School is in session, but there are questionable weather conditions.
- 3) Buses will run only snow routes. Snow routes are the main paved roads in the district. No side roads will be taken.
- 4) The radio and television stations notified are: Batesville KWOZ - FM 103.3- Mountain

View/Batesville, KTLO - FM 97.9, AM 1240 - Mountain Home, KCTT 101.7 - Mountain Home, KSAR 92.3 Salem, TV Station: KAIT - TV 8 – Jonesboro, KY 3 Springfield, KARK 4 Little Rock

If snow routes are run, parents are encouraged to get their children to the buses or school if safe for them to travel. If students are not in school they will be counted absent on daily attendance reports, even if the student does not live on the snow routes. (If this is the only days missed, it will not keep a student from receiving a perfect attendance award.) Students will be permitted to make up any assignments missed. If inclement weather occurs during the school day and school must be dismissed early, the same radio stations and TV station will be notified, as well as a school wide mass text.

SNOW ROUTES

If buses run snow routes in the morning, they will run snow routes in the afternoon. If you bring your child to school, please make arrangements for them to get home as buses will be running snow routes in the afternoon.

LUNCHROOM RULES AND PRICES

Full price lunches will be **\$2.45** per day and reduced price lunches will be **\$.40** per day. Full price breakfast will be **\$1.35** per day and reduced price breakfast will be **\$.30** per day. We request that lunches be paid on Monday for the entire week. Food service guidelines do not allow us to charge lunches. Free and reduced lunches are available to those who qualify. Please call the office to receive an application. Questions regarding food service may be directed to Elizabeth Sanders at 297-3745.

Adult Meal Prices: Lunch **\$3.55** and Breakfast **\$2.25**

Misbehavior such as yelling, popping bags, throwing anything, disrespect or failure to follow directions may result in loss of cafeteria privilege or other discipline.

Students requiring juice in place of milk for lunch must have a note from their doctor on file with the school nurse before this can be provided by food service.

Breakfast will be served from 7:30-7:55 each day.

4.50—SCHOOL MEAL MODIFICATIONS

The district only provides modified meal components on menus to accommodate students with a disability. A parent/guardian wishing to request dietary accommodations for their student with a disability must submit to the district's Director of Child Nutrition a medical statement completed by a State licensed healthcare professional, which includes:

- Physicians, including those licensed by:
 - The Arkansas State Medical Board;
 - The Arkansas State Board of Chiropractic Examiners (Chiropractors);
 - The Arkansas Board of Podiatric Medicine (Podiatrists);
- Nurse Practitioners (APRNs in family or pediatric practice with prescriptive authority);
- Physician Assistants (PAs who work in collaborative practice with a physician); and
- Dentists.

The medical statement should include:

1. A description of the student's disability that is sufficient to understand how the disability restricts the student's diet;
2. An explanation of what must be done to accommodate the disability, which may include:
 - a. Food(s) to avoid or restrict;
 - b. Food(s) to substitute;
 - c. Caloric modifications; or
 - d. The substitution of a liquid nutritive formula.

If the information provided in the medical statement is unclear, or lacks sufficient detail, the district's Director of Child Nutrition shall request additional information so that a proper and safe meal can be provided.

When choosing an appropriate approach to accommodate a student's disability, the District will consider the expense and efficiency of the requested accommodations. The District will offer a reasonable modification that effectively accommodates the child's disability and provides equal opportunity to participate in or benefit from the program, which may include a generic version of a product.

Parents may file a grievance regarding the request for accommodations with the District's 504 Coordinator, who will schedule a hearing on the grievance to be held as soon as possible. The 504 coordinator shall provide a copy of the procedures governing the hearing, including that the parent has the right to be accompanied by counsel, and the appeal process upon request.

The district will not prepare meals outside the normal menu to accommodate a family's religious or personal health beliefs.

4.37—EMERGENCY DRILLS

All schools in the District shall conduct fire drills at least monthly. Tornado drills shall also be conducted no fewer than three (3) times per year with at least one each in the months of September, January, and February. Students who ride school buses, shall also participate in emergency evacuation drills at least twice each school year.

The District shall annually conduct an active shooter drill and school safety assessment for all District schools in collaboration with local law enforcement and emergency management personnel. The training will include a lockdown exercise with panic button alert system training. Students will be included in the drills to the extent that is developmentally appropriate for the age of both the students and grade configuration of the school.

Drills may be conducted during the instructional day or during non-instructional time periods.

Other types of emergency drills may also be conducted to test the implementation of the District's emergency plans in the event of violence, terrorist attack, natural disaster, other emergency, or the District's Panic Button Alert System. Students shall be included in the drills to the extent practicable.

4.55—STUDENT PROMOTION AND RETENTION

A disservice is done to students through social promotion and is prohibited by state law. The District shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level. Parents or guardians shall be kept informed concerning the progress of their student(s). Notice of a student's possible retention or required retaking of a course shall be included with the student's grades sent home to each parent/guardian or the student if 18 or older. Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student's academic success.

At least once each semester, the parents and teacher(s) of a student in kindergarten through eighth (8th) grade shall be notified in writing of the student's independent grade-level-equivalency in reading.

Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Promotion or retention of students, or their required retaking of a course shall be primarily based on the following criteria. If there is doubt concerning the promotion or retention of a student or his/her required retaking of a course, a conference shall be held before a final decision is made that includes the following individuals:

- a. The building principal or designee;
- b. The student's teacher(s);
- c. School counselor;
- d. A 504/special education representative (if applicable); and
- e. The student's parents.

The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student's placement or receipt of course credit, the final decision shall rest with the principal or the principal's designee.

Beginning with the 2018-2019 school year, each student shall have a student success plan (SSP) developed by school personnel in collaboration with the student's parents and the student that is reviewed and updated annually. A student's SSP shall use multiple academic measures to personalize learning in order for students to achieve their grade-level expectations and individual growth. The SSP will identify if the student is in need of additional support or acceleration. Academic measures to be used in creating and updating a student's SSP shall include, but are not limited to:

- Statewide student assessment results;
- Subject grades;
- Student work samples; and
- Local assessment scores.

By the end of grade eight (8), the student's SSP shall:

- Guide the student along pathways to graduation;
- Address accelerated learning opportunities;
- Address academic deficits and interventions; and
- Include college and career planning components.

Based on a student's score on the college and career assessment:

- The student's SSP will be updated in order to assist the student with college and career readiness skills, course selection in high school, and improved academic achievement; and
- Provide a basis for counseling concerning postsecondary preparatory programs.

An SSP shall be created:

- By no later than the end of the school year for a student in grade eight (8) or below who enrolls in the District during the school year; or
- As soon as reasonably possible for a student in grade nine (9) or above who enrolls in the District at the beginning or during the school year.

A student's individualized education program (IEP) may act in the place of the student's SSP if the IEP addresses academic deficits and interventions for the student's failure to meet standards-based academic goals at an expected rate or level and includes a transition plan that addresses college and career planning components. Promotion/retention or graduation of students with an IEP shall be based on their successful attainment of the goals set forth in their IEP.

Students who either refuse to sit for a Statewide assessment or attempt to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are originally administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity, including school dances, prom, homecoming, senior events, and may be prevented from walking or participating in graduation exercises. The student shall remain ineligible to participate until the student takes the same or a following statewide assessment, as applicable.

The Superintendent or designee may waive this paragraph's provisions when the student's failure was due to exceptional or extraordinary circumstances. Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.

4.5F--SCHOOL CHOICE CAPACITY RESOLUTION

Whereas:

- The Board of Directors of the Calico Rock School District has approved by a vote of the Board, the following capacity resolution for school choice applicants for the 2018-2019 school-year under the provisions of policy 4.5—SCHOOL CHOICE and applicable Arkansas law.
- Applicants, whose applications meet the provisions of policy 4.5—SCHOOL CHOICE, will be sent a provisional acceptance notification letter which will give instructions on the necessary steps and timelines to enroll in the District. Provisional acceptance shall be determined prior to July 1 with a final decision to be made by July 1 based on the district's available capacity for each academic program, class, grade level, and individual school.
- Applications that are not received on or before May 1, are to a student's resident district that has declared itself exempt due to an existing desegregation order, or, the acceptance of which would exceed the applicant's resident district's statutory limitation on student transfers out of its district will not be accepted.
- The district reserves to itself the ability to determine, based on an examination of student records obtained from the prior district, and other information, whether any student would require a different class, course or courses, program of instruction, or special services than originally applied for. If such an examination determines that capacity has been reached in the appropriate class, course or program of instruction, or that additional staff would have to be hired for the applicant, the District shall rescind the original provisional acceptance letter and deny the Choice transfer for that student.
- The district reserves to itself the ability to decline to accept under school choice any student whose acceptance would require the district to add additional staff, for any reason.

THEREFORE, let it be resolved that these shall constitute the School Choice openings at the beginning of the School Choice enrollment period for the school-year 2018-2019.

4.5F2--SCHOOL CHOICE PROVISIONAL ACCEPTANCE LETTER

Dear Parent's name,

The application you submitted for student's name has been provisionally accepted. While the school's name looks forward to welcoming student's name as a student, to further the application process and to better assist the district in determining the proper placement of student's name, please submit the information listed below to district or school's address by enter date. Failure to submit the information requested by the date specified shall void and nullify this letter's provisional acceptance. In addition to the information you submit, records may be requested from the student's current district/school, and final acceptance may depend on the content of those records as to appropriate grade placement, program placement or services required. A student who has not previously attended an Arkansas public school or did not attend an Arkansas public school in the previous academic year may be evaluated by the district prior to final acceptance, and the results of that evaluation could impact final acceptance.

1. For students applying to enroll in first grade or higher: a copy of the student's transcript from the school where the student is currently enrolled. The student's permanent record, including the original transcript, will be requested from the school immediately following the student's actual enrollment in our district.
2. Proof of the student's age; This can be a 1) birth certificate; 2) A statement by the local registrar or a county recorder certifying the child's date of birth; 3) An attested baptismal certificate; 4) A passport; 5) An affidavit of the date and place of birth by the child's parent or guardian; 6) United States military identification; or 7) Previous school records.
3. The student's health care needs at school.
4. Student's name age appropriate immunization record or an exemption granted for the previous school-year and a statement of whether or not the parent is intending to continue the exemption for the upcoming school year.

After reviewing the submitted documentation, the District will determine if the applicant meets the District's capacity standards and notify you of its decision by insert date. Please note that the acceptance of an application can be reversed if it is determined that the application is in violation of student's name's resident district's limitation cap for available school choice transfers or if the resident district has reached its statutory cap for transfers out of its district.

Respectfully,

Kim Thomas

4.5F3--SCHOOL CHOICE ACCEPTANCE LETTER

Dear Parent's name,

I am pleased to inform you that the application you submitted for student's name has been accepted pending enrollment of student's name by insert date, however, failure to enroll student's name by this date will render this offer of acceptance null and void.

I look forward to welcoming student's name as part of the Calico Rock Pirates.

Once your child has enrolled in school with us this coming school-year, student's name will be eligible to continue enrollment in the district until completing high school or is beyond the legal age of enrollment provided the student meets the applicable statutory and District policy requirements all other District students must meet (with the exception of residency in the District) to continue District enrollment. This information is contained in the student handbook.

Please Note: The Calico Rock School District has no control over when a student's resident district might reach its statutory limit on allowable transfers out of its district. While we consider it unlikely, there is always the possibility that we could be forced to withdraw this acceptance if the resident district determines it reached its statutory cap for transfers out of its district prior to your student's application date to our District. You will be notified immediately should that rescission of acceptance be necessary. We apologize for this unavoidable uncertainty.

Respectfully,

Kim Thomas

4.5F4--SCHOOL CHOICE REJECTION LETTER

Dear Parent's name,

I am sorry, but the application you submitted for student's name has been rejected for the following reason(s).

____ Your child's resident district has declared itself exempt from the provisions of the School Choice Law due to it being under an enforceable desegregation order.

____ Your child's resident district has reached its limitation cap for allowable transfers and we cannot accept any additional school choice transfers from that district.

____ Your child does not meet the openings identified for the coming school-year identified in the Board of Directors Resolution adopted on insert date.

The specific reason for rejection is that acceptance would cause the district to have to add:

____ Staff

____ Teachers

____ classroom(s)

____ the insert the name of the program, class, grade level, or school building's capacity

As noted in your original application, you have ten (10) days from receipt of this notice in which to submit a written appeal of this decision to the State Board of Education.

Respectfully,

Kim Thomas
